

LIBKE REPLACED BY LAPEER MAN

Becomes Manager of Bay
City Telephone Office;
C. B. Fauser Local
Head

C. V. Libke, manager of the Birmingham branch of the Michigan Bell Telephone company, since September, 1933, has been transferred to the position of manager at Bay City, where he will be in charge of the Bay City, E. Tawas, Oscoda, Standish and West Branch exchanges. He has been replaced here by Walter B. Fauser, who has been manager of the Lapeer-Rochester area. The change was made effective Tuesday.

Mr. Fauser has been in the employment of Michigan Bell since September, 1918, when he joined the Detroit commercial department. In 1925 he became survey engineer in the general commercial department, and in November, 1929, went to Saginaw as central division commercial engineer. In 1933 he was transferred to the position of office manager at Pontiac, going from there to the Lapeer office in March, 1934.

There are 350,000 deaths a year from malaria in the province of Bengal, India, and at least 3,000,000 inhabitants are estimated to be infected with malaria parasites.

BITS OF BIRMINGHAM

Birmingham is to have a new billiard hall, to be located at 191 S. Woodward. The City Commission Monday night approved the application for a license which Sam W. Good of Detroit submitted last week, and which was referred to the City Manager for investigation.

Twenty-eight "employables" on Birmingham relief rolls began work Monday morning on a WPA road project near Rochester. J. Wells Chilson has reopened his former studio in the No. 1 Levinson building, 134 South Woodward. While he is still specializing in home portraiture, he will also do studio photographs and portraits in oil.

The annual Lions club feathery party will be held Friday, November 15, at the Birmingham Community house. This affair, to provide funds for a Christmas party for local children, is in charge of Clarence Blinn, assisted by Dr. John Hassberger.

Mrs. Adeline Cooke, librarian, reported at a meeting of the Baldwin Library Board Tuesday afternoon that another substantial gain in the use of books had been seen during the last month.

Mrs. A. P. C. Armstrong of Detroit has joined the Homecrafters at their studios on Merrill street, and will conduct classes in knitting. The classes will begin today at 1 p. m., and continue until 5 p. m.

Special attention will be given to high school students by Mrs. Armstrong.

Word has been received by Mrs. H. E. Milderbrandt of South Adams road of the safe arrival at Miami Beach, Fla., of H. E. Milderbrandt and William McClure of Long Lake road. The two men left recently with the W. O. Briggs family, arriving at Miami Beach Saturday.

Members of the staff, and their families, of the Birmingham National Bank, together with the families of the board of directors, were guests of Mr. and Mrs. Charles E. James, at the Community House for dinner Monday evening. Mr. James, who is president of the institution, spoke briefly on the ideals of the bank, its place in rendering aid to the community, and outlined plans for similar gatherings in the future. The menu included fresh lake trout sent down by friends of Mr. James from Batchelor Bay, north of the Canadian Soo.

For the pleasure of visitors there are 10,000 skiffs and 1,000 motor boats on the River Thames.

Dedicated to the memory of 753,000 horses who were killed during the Great war is a memorial in Kilburn, London.

"SEISMOGRAPHS" RECORD 'QUAKE

Water Meters Show Two
Shocks Last Thursday
Morning

Birmingham has two "seismographs," instruments for recording earthquake shocks. It was discovered Thursday morning after that tremor which most people look for everything except an earthquake. More important, perhaps, was the discovery through the "seismographs" that there were apparently two shocks instead of one, the second occurring between three and four in the morning.

The "seismographs" are delicately adjusted meters for recording the flow of water from the city's reservoirs, and for recording the pressure of the water. A small shock, such as is caused by dropping a wrench on the floor of the instrument room, can be detected, and is recorded, on the meters. A week ago this morning the flow meter showed two distinct jumps in its continuous record. Fire Chief Vern Griffith reported, and the pressure meter one jump.

More than 2,000,000 Americans moved from the city to the country during 1933 and 1934.

Business of the building trades industry in Ohio last year increased 12.3 per cent over 1933.

PURELY PERSONAL

Another honor has come to Miss Nancy Weeks, daughter of Mr. and Mrs. J. R. Weeks of Birmingham. She has been chosen Assistant Feature Editor of the School Annual, The Sapphire, at Fassenfest School, Hendersonville, N. C. It is in this year's school year in this southern school where she has taken a very prominent part in all student activities.

FATHER LEFT WITH INFANT TO BRING UP

Death of Wife Throws
Responsibility On
Baby's Dad

By GARRY C. MYERS, PH. D.
Head Department Parent Education
Cleveland College, Western
Reserve University

THE FATHER left with a young child or children, through the death of the mother, faces large problems, and I am particularly eager to offer him some advice.

1. "When the child is put to bed, should the person in the adjoining room walk around a tip-toe, or should the child be trained to fall asleep while normal noise is exercised in the adjoining room?" (Let normal noises in adjoining room prevail.)

2. "Please name some books of yours that I should read, and some of the books that I should read to my children?" (Let normal noises in adjoining room prevail.)

3. "Should I be told?"

4. "Should the child be told?"

5. "Should the child be told?"

6. "Should the child be told?"

WE HEARD IT SAID BY—
Mayor Harry Allen, concerning nearly \$500,000 in taxes due the city of Birmingham, some of it since 1926: "If this were a private concern instead of a public government, we wouldn't hesitate to spend ten or fifteen thousand dollars to collect that amount."

the same time!" (Speak only English in her presence until she is three or four years of age, after which speak German also. By all means let her learn both languages.)

3. "Is it absolutely necessary for a child her age to have her own room, or can she sleep in the same room as the grown-ups? (If at all possible let her have her own sleeping room at once.)

4. "When the child is put to bed, should the person in the adjoining room walk around a tip-toe, or should the child be trained to fall asleep while normal noise is exercised in the adjoining room?" (Let normal noises in adjoining room prevail.)
