TOWN HALL BOOKS NOTED ECONOMIST

John T. Flynn To Speak On "If I Were President" At Fisher Nov. 13

John T. Flynn, economist, who ranks as one of America's foremost speakers and writers on problems of national economic importance, will be the Town Hall speaker in the Fisher Theatre, Wednesday morning, Nov. 13, at 11 o'clock. His subject will be "If I Were President."

Mr. Flynn's predictions before the crash of 1929 and their amazing fulfillment jumped him into the national limelight. Before the crash he had been writing in numerous journals descriptions of the forces moving us toward collapse. As a result of his warnings about speculation, holding companies and corporate abuses he has been sought by magazines of all kinds, and his contributions to American journals during recent years have been equaled by few writers.

Mr. Flynn has written several books calling attention to graft and abuses in banking and business which have had recognition. His book, "Investment Trust Gone Wrong," resulted in an investigation by the Attorney General of New York and accounted for the subsequent general attack on these companies. "Graft in Business" described many enterprises and abuses later revealed by the Senate Banking Committee's investigation of Wall Street. Mr. Flynn made a vigorous attack upon security speculation in his recent book, "Security Speculation: Its Economic Effects." One of his best known books, "God's Gold," is a full-length portrait of Rockefeller and the whole system of American business which came into being and grew under the domination of the oil king and his rivals or companions.

Mr. Flynn follows business affairs—industrial and financial—not as a business man, but as an economist and journalist. He was managing editor of the old New York Globe, which kept a close eye on American finance. Since its incorporation with the New York Sun he has made examinations of most of our leading industries and almost all important economic movements. He has written voluminously for Colliers, Harpers, Atlantic Monthly, Forum, Scribner, the New Republic and other leading magazines.

Tickets for his lecture are available now at Grinnell's, on Monday, Tuesday and Wednesday at the Fisher Theatre.

Safety Lighting Is Introduced

A new and scientifically-designed system of lighting highways was introduced recently in the opening of a mile-and-a-quarter stretch of road near involving industries and almost all important economic movements. He has written voluminously for Colliers, Harpers, Atlantic Monthly, Forum, Scribner, the New Republic and other leading magazines.

Tickets for his lecture are available now at Grinnell's, on Monday, Tuesday and Wednesday at the Fisher Theatre.

BIG BEAVER WINS 2 GAMES

Hits Winning Streak After Four Straight Losses; Drayton Plains Next

Big Beaver has at last hit its winning streak. After losing four games in a row the team came back and defeated Waterford and Donelson. The game with Donelson, Nov. 1, was a clean, hard-fought battle, with Beaver winning 11-4. Points were scored by Senator Losey, 5; Tom McGrath, 3; Francis Small, 1; Frank Mape, 1; and Bob Nancarrow, 1.

This game, offset to a degree the defeat of Big Beaver in the game with Auburn Heights, Oct. 26. This was the worst defeat Beaver has suffered so far this season, by a score of 14-8. Frank Mape scored 7 of the points and Tom McGrath, 1.

The Speedball season will soon be over, closing Nov. 5 with Beaver playing Drayton Plains on its home field. The first game was lost to Drayton Plains.

A good job of refereeing was done on Beaver's home field by one of last year's players, Millard Maguire. Millard knows his game and is right on the spot when something happens.

The Big Beaver Boys' 4-H club was called to order at 7:30 last Monday evening by the president, Garth Bartley, "Mike" Rankin, the leader, told some interesting things about electricity, the subject to be studied by the group. About thirteen members were present. Dues are from two to five cents.

Then they returned to their rooms, where certain were pulled, jack o'lanterns lighted and stories told or games played. After that refreshments were served, which in most cases included popcorn, apples, and candy.
