Cigarettes give a lot of pleasure to a lot of people. More cigarettes are smoked today because more people know about them-they are better advertised. But the main reason for the increase is that they are made better-made of better tobaccos; then again the tobaccos

are blended-a blend of Domestic and Turkish tobaccos.

Chesterfield is made of mild, ripe tobaccos. Everything that science knows about is used in making it a milder and better-tasting cigarette.

We believe you will enjoy them.
