Life Is Hard Work!

Life Is Hard Work!

To obtain and then to retain a million or more dollars is a very difficult task—and in most cases to keep it is often harder than to get it in the first place. Your American citizenship is like that, too; to win freedom, many generations before you fought and sacrificed to have this right of self-government. And we who have inherited this great and priceless civic wealth, must re-dedicate ourselves to the very, very difficult task of retaining it, or else, like a foolish and spendthrift son who inherited vast wealth from his father, we may lose it. Life will give you what you are willing to work and sacrifice for—life requires that you must also work and sacrifice to keep what you have obtained!
