LAMPS—

"One of the most beautiful of all things in the world is "a beautiful lamp."

"Nothing in the world, save it be music, can so soothe and set adream the mood of mortal man. The past and all the present and some of the future are encompassed in its soft persuasive glow. It is the symbol of love, of home, of wistful vagrant fancy of all the hopes and despair of one's life on earth. God made the sun, the moon and stars, but man, his child, out of necessity, made for himself the lamp light as a beacon and a haven for the innermost secrets of his heart of hearts."

FIVE-MILE-A-MINUTE DREAM COMES TRUE

His greatest ambition was realized when Sir Malcolm Campbell, streaking over the salt flats of Bonneville, Utah, as shown at top left, in his new Bluebird, pictured below, set a new world speed record of 201.23 miles an hour in two trips over a measured mile. The intrepid Briton, shown smiling happily at right, long had hoped to crack the 300 mark.
