interesting story into which is woven an ap-

pealing romance, an abundance of interesting and exciting adventure, a vein of typical Kyne humor and a number of lovable characters.

The scene of the story is Texas. The heroine is a rich New York girl transplanted quite by accident into the border country, and the hero a young Texas ranchman with the blood of Ireland in his veins.

It is one of the best stories this famous writer has produced.

To appear serially in these columns, and we advise every reader to follow it from beginning to the end.

Citizens of Tomorrow

It is an obligation of good citizenship to pay taxes; it is an obligation of government to spend this tax money wisely. In common with many thousands of other citizens, Michigan Bell Telephone Company recognizes its obligation to pay a share in the support of the functions of government.

The Federal, State and other taxes paid this year by Michigan Bell averaged \$7.28 for each telephone in use. In total this amounts to more than \$3,225,000, of which \$2,737, 955.25 is in the form of payments to the State of Michigan. It is particuthe State of stengal. It is particularly pleasing to us that these State taxes go into the primary school fund for the purpose of educating our citizens of tomorrow.

The primary school fund helps support the State's elemen-

tary, grammar and high schools. It erects and main-

tains the buildings, buys supplies, helps pay the salaries of our 32,000 teachers. Into it go the State taxes paid by many of the utilities of Michigan, and of these Michigan Bell Telephone Company pays the largest individual tax. From 1921 to the present year the total taxes paid by us into the primary school fund amounted to \$32,643,350.99.

Like all other citizens who have a genuine pride in the progress of Michigan, we appreciate the value and profound importance of an adequate school system.

And to the telephone users of our State it must be a great satisfaction , to know that indirectly they make an important contribution to a hool system entrusted with the

education and character-molding of 960,000 boys and girls—" Michigan's school children today, her citizens of tomorrow.

MICHIGAN BELL TELEPHONE COMPANY
