DANCE IS PLANNED AS HOUSE BENEFIT

Young People's Group Will Sponsor Cabaret Party To Aid House

Saturday evening, May 2 will have a particular significance for that group of Birmingham young people who attend the Saturday evening dances at the Community House. They have selected that date for the cabaret dance to be given by them as a benefit for the Community House. Betty Hill is publicity chairman. In charge of entertainment will be Marilyn Prussing and Barbara Epp. J. J. Brechtling will plan decorations for the affair.

"It's easy to cook on my new Gas Range and I have No Failures!"

"The range comes up to, and above, all statements made by the salesman and is unusually economical," so says many a delighted new user.

Science has sifted the cause of cooking failures and found that it is not necessarily the ingredients you use. Far more often it is the lack of control over cooking temperatures and oven moisture. But science has remedied that with the modern range.

And how happy you will be to have splendid success with cooking and baking from the very beginning. This is one of the most mentioned advantages of using a gas range. Women like to be sure of success. Ease, cleanliness and economy are other advantages which they like to talk about... and they are very important features of gas cookery.
