

### KITCHEN SHOWER HONORS JANE LEE

Sally Baker Hostess At Prenuptial Party For August Bride

An up-to-date kitchen, outfitted with all the new tricks in the culinary trade, should be an inspiration to any bride. To supply the source of such domestic inspiration, Sally Baker of Harrow road, conspired to entertain at a kitchen shower this evening in honor of Jane Lee, who will become the bride of Lyle Lucas, August 28.

As a consequence, those in on the conspiracy are Lillian Vaughan, Elaine Cree, Elizabeth Adams, Julia Preston, Mrs. Ralph L. Lee, mother of the bride-elect, Mrs. Edward D. Lucas, mother of Mr. Lucas; Mrs. Robert Clark, Jane Brede, Mrs. Rene P. Junbert, Mrs. Robert Goulet, June Botsford, and Mrs. L. M. Baker, mother of the hostess. The marriage service will be read at noon, in Christ Church Cranbrook.

### Fashion Tips

The best looking sports clothes of the season are those which are very tailored. Slacks, culottes, blouses and shirtwaist dresses are all sleek about the hips and well cut.

Dark colors are popular in town with bright touches and accessories giving an air to one's costume. Cotton is still a great favorite for evening and one-inches tulle, gingham, popes and other attractive cottons on the smartest dance floors.

But vacation clothes will soon be forgotten and the college girl is beginning to assemble her wardrobe for the coming season. Bright plaids in bright colors are used for jackets over solid woven dresses. Box pockets are popular. Velvetene is back again and hide-fair is popular with the college girl. It is not only used for dresses, skirts and jackets but for odd coats as well.

The educational committee, however important, is but one unit of an organization dedicated primarily to furthering educational interests. Another outstanding activity sponsored by the local branch is the Saturday Club, a recreational project for children from 8 to 10 years of age. During the administration of Mrs. William E. Essery, the Saturday Club was started in the nature of a recreational experiment with volunteer directors and workers, the club opened in the Community House offering classes in craft work and auditorium entertainment. The results were so successful that the club has been continued as a regular activity. This year it will operate on an enlarged program with the assistance of the staff of the Merrill Palmer School in Detroit, as advisor.

In support of a higher branch of education, the Fellowship Fund maintained by the national Association, the Birmingham Branch holds a book sale each year, which has become an established institution. Proceeds of the sale are divided among the Fellowship Fund, which enables gifted women to pursue studies in the field of research for the betterment of humanity; the Birmingham Student Loan Fund; the Saturday Club and all the study groups sponsored by the Branch. Mrs. William Schultz is the chairman of the sale to be held this year, at the usual time in October.

The study groups also offer educational opportunities through various channels. Mrs. Charles J. Shain's class in international relations, which has been successfully conducted for nearly a decade, will be continued to enlighten women in world affairs. During the past few years, Mrs. Royce L. Beers has conducted a class in intelligent buying for housewives, as one of the well-attended study groups. Another group of wide interest to both members and non-members is the book review hour which has been conducted by Mrs. C. Kenneth Bell.

Motion Picture Information The college information bureau, maintained to aid high school students in selecting the university best suited to their needs, is another important educational activity. A service less familiar to the community in general, sponsored by the A. A. U. W., is that giving out motion picture information. Through the courtesy of Miss Adeline M. Cooke, librarian, the Motion Picture Review, published monthly by the Los Angeles Branch of the A. A. U. W., giving reviews and ratings of current motion pictures, was made available during the past year to library patrons.

The Birmingham Branch, which represents one of the largest and most active groups locally, began its career back in 1921 with approximately 40 members. This small group put its shoulder to the wheel, and through its efforts, contributed largely to the scholarship fund, and laid the cornerstone for the activities, which today, open so many doors to educational opportunities.
