Happenings of Long Ago

Bits Of News Gleaned From Old Files Of The Eccentric—The Items That Make Up The Historical Background Of The Birmingham Of Today.

FIFTY YEARS AGO

Our teachers' institute is in full blast with an extraordinary attendance.

Oxford squeals terribly over their defeat at the Pontiac band tournament last week, and a whole column of anguish in the Gobs rolls up towards heaven over their loss. Brace up boys, and take an other horn.

Mr. Levi T. Hull, father of our Prof. W. C. Hull, was in town last week, taking in the many enterprises and enjoying the bustling activity of our citizens, for which the village has a national reputation.

The boys seem to have the ascendancy this summer. At any rate, the births of the past two weeks would seem to indicate such to be the fact, Mr. J. R. Corson, Jr., Mrs. Arthur Carpenter, and Mrs. Monroe Lockwood of Southfield, all contributing in that direction.

Mrs. William Bassett of Howell presents a bill of $1,800 against that city for injuries received from a defective sidewalk. Our village fathers should take warning and fix up our defective crosswalks at once, or we may soon be defendants in a like case.

We were most agreeably entertained at the residence of G. C. Gibbs in Troy, while on a little bicycling tour recently. If everything in the shape of edibles and drinkables could make a person contented, and the most entertaining company do anything towards making a poor sinner happy, then we should remark that we were happy.

TWENTY-FIVE YEARS AGO

Among the arrivals at the Holland House in New York, we notice the name of Mrs. W. S. Barbour of Bloomfield Hills.

Parties are known who tore my corner awning Tuesday night, Aug. 8. They can save prosecution by paying for all damage to same, otherwise arrest will follow. Signed M. Levinson.

Next Monday, Aug. 21, there will be a grand excursion to the Michigan Agricultural College at Lansing. Trains will leave Birmingham at 7:35 a. m. reaching college grounds at 10:30. Fare for round trip $1.75. This is a Mecca trip that everyone should make at least once in their lives.

Mrs. A. F. Gray returned home this week from attending the National Training School of Corsetieres held at Meadville, Pa., Aug. 1 to 11. Over 400 corsetieres were in attendance. Mrs. Gray is very enthusiastic over her trip, and states that the entire course of instruction was far beyond her expectation.

We hope our merchants will decorate their stores and all residents their dwellings with flags and bunting Aug. 31, in honor of the old G. A. R. boys of the 22nd Michigan Infantry.

FIVE YEARS AGO

Larger circulation than ever before for a single summer is reported today by the Baldwin Public Library in the report for the month of July, which together with comparative statistics, is issued by Mrs. Nancy B. Thomas, librarian.

A plea for attendance of citizens at the next meeting of the Board of Education at Baldwin High School, Aug. 31, was made Friday evening by J. Russell Hughes of Bates street. Mr. Hughes gave a brief talk in an interlude in the swimming meet between the Birmingham Athletic Club and the Redford Athletic Club of Detroit, in which he urged attendance at this meeting to discuss re-opening of the Barnum Pool, closed last Saturday by the Board of Education order for lack of funds for operation.

Bloomfield Township would follow the lead of Troy and Royal Oak Townships in reducing expenditures by cutting down its street lighting bill, according to an announcement made yesterday by James V. Bayley, township clerk.

With all technical barriers to the project removed, work was proceeding today on the Wider Woodward paving south of Birmingham. The "war of telegrams," waged between the Grand Trunk railroad and the state came to an end Wednesday when Gov. Brucker announced that an agreement had been reached.

Lack of rainfall this summr has resulted in Michigan's driest season in 50 years, according to the two Herbison brothers, Frank and Sam, of Adams road, just a mile north of Birmingham.

"Mind" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 23.

Among the Bible citations is the following (Heb. 4: 12): "For the word of God is quick, and powerful, and sharper than any two edged sword, piercing even to the dividing asunder of soul and spirit, and of joints and marrow, and is a discerner of the thoughts and intents of the heart."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 579): "Immortal Mind heals when and how it will, but the spiritual capacity to apprehend thought and to heal by the Truth-power, is not only attained, and found, not in self-righteousness, but reflecting the divine nature."

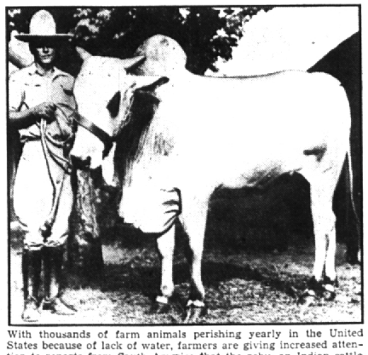
Weathers South American Drouths



With thousands of farm animals perishing yearly in the United States because of lack of water, farmers are giving increased attention to reports from South America that the zebu, an Indian cattle type, has proved adaptable to drouth conditions in Brazil and other South American countries. The zebu, pictured above, ancestors of which were brought to Brazil many years ago, was exhibited at the Rio de Janeiro cattle show.
