Bull in China Shop—No Kidding! Local Negro Boxer Takes Four Round Match In Comeback

Throwing leather throughout the bout, Johnny (Tiger) Bland, local colored light weight boxer won all four rounds of his fight with Ben Losser of Mt. Clemens at the Softball Park in Pontiac last Thursday. The fight was the first in Bland’s attempted comeback, and was a four round preliminary gy. Bland weighed in at 122 and Losser at 115.

Despite the fact that he has been out of the ring for two years, Tiger made a creditable showing, carrying the fight to his younger opponent all the way. After several frightening losses in the first round by a series of rights and lefts to the head and body ending with the Mounty Clemens lad hitting the canvas just as the bell rang, Bland had the fight much his own way. He completed the match.

ly tied up the blond Louise’s offense and had him backing away from a left hook that the Swede could not figure out during the remainder of the combat.

Bland, who has been training in Pontiac, has been promoted a place in the bout of the next Softball Park fight card as a result of his fine showing last week. Johnny looked a little tired at the end of his fight, and had a few extra pounds around his waistline, but a few more weeks of training will remedy both of these. The fight and whp of the old “Tiger Bland” who had a reputation on for winning by a knockout in the first round or getting knocked out in the second was there, and the little negro should have a good year if he keeps on working.

Are Not Controlled by The Big Trusts Which Try To Hold Up Prices J. J. Levy Says: “For the past five years, I have been advising the public that large trusts and corporations were in a combine to fix and regulate gasoline prices. Recent government investigation has evidently proven this to be the case. We have always sold our gasoline at a fair price to consumers regardless of prices quoted by major companies. Not only that, but we have sold one of the finest gasolines that money could buy. We will continue this policy of fair prices. Try 7 gallons of our gasoline (You save up to 4c per gallon). If, in your opinion, our gas does not make your car perform as well or better than any gasoline you have ever used—YOUR MONEY WILL BE REFUNDED.”
