PSYCHIATRIST SPEAKERS AT BAR ASSEMBLY

(Continued from Page 1) limitation of the psychiatric field.

"Psychiatry is concerned with the developmental forces and processes and the clinical manifestations of morbid inner experiences and of such outward behavior as interferes with one's social adjustment," the speaker told his listeners.

Turning to the question of criminal responsibility and the judgment adopted thereto by lawyers and medical men, the psychiatrist asserted that it is an ancient and wise custom to regard responsibility as a disorder of the intellect and emotions...

Social Security Gets Under Way; Here's the 'How and Whereof'

When you get around to applying for your Social Security benefits, consider yourself part of an undertaking exceeding in magnitude anything of the kind ever before launched.

Excepting agricultural labor, domestic servants, and profit corporations, the government these days is setting up machinery to enroll 20,000,000 persons in the greatest actuarial scheme ever conceived.

And it's a job, incidentally, that will be done before the U. S. Supreme Court decides whether it is all constitutional. Passed by the last Congress as the first national measure of its kind in this country, the Social Security Act divides chiefly along three lines...

THE AMERICAN PEOPLE WHAT THEY DO

This chart shows who gets benefits under the Social Security Act, and who are exempt for various reasons. In which you are regularly employed after 65, a month's benefit payment is deducted.

SLIP-AND-SIDE SEASON is back with us in Michigan. icy streets and roads will threaten your driving safety for several months.
