

KIMBALL NAMED LIONS' PRESIDENT

New Officers For Ensuing Year Are Elected At Wednesday Meet

G. Dewey Kimball was chosen president of the Lions Club for the ensuing year, succeeding Russell McBride, as the result of the election held by the club yesterday noon in the Community House. D. A. Green was named to the first vice-presidency while Emerson Brown was voted in as second vice-president. The position of secretary-treasurer was retained by Frank Highy. The new Tail Tossers is Louis Grant and William Spence was elected Lion Tamer. Appointments to the Board of Directors include Clarence Heinmiller, Dr. A. L. McNaughton, and the retiring president, Russell McBride.

Donald Bell, chairman of the annual Christmas party, announced that plans have been completed for the affair, which will be given at Northwood Inn, December 21. Club members and their wives will attend and following dinner, keno and dancing will be enjoyed.

The Lions will discontinue their annual children's Christmas party, it was stated, as the club feels that the emergency crisis has passed. However, the organization will work in close conjunction with the Goodfellow and Community House in all Christmas undertakings for the needy.

3 Children Burned To Death
Madawaski Me.—Three children, alone in their home while their father was at work and their mother was visiting a sick neighbor, burned to death when fire destroyed their home and damaged six other houses. The children, the oldest of whom was four, were the children of Mr. and Mrs. Joseph Pelletier.

Again America Shows the Way

By RAYMOND PITCAIRN
*National Chairman
Seminets of the Republic*

Throughout much of its history our American Republic has served as a model to various nations determined to supplant the evils of Rule by the Few, with the benefits of Government by the People.

Today it continues to offer, by example, a chart to the path that leads toward peace and progress.

Contrasting pictures from the latest screen of world affairs tell the story.

While the Pacific and Communist states of Europe are expanding and refurbishing their Machinery of War, the United States is following the opposite course.

Its highest officials are meeting with those of neighboring nations in a determined effort to oil the Machinery of Peace.

While Spain is attempting to invalidate the ballot of popular election with the bullets of rebellion, America follows its traditional way of peace, while winners and losers alike seek effective methods of cooperation in the cause of reemployment and recovery.

There stand two striking contrasts, and their detraction of America and of the American way of doing things might do well to study.

There wait two convincing answers to those ferocious propagandists who tell us to look to the Fascism or to Communism of Europe, instead of to the representative democracy of the United States, for guidance in our national life.

America looked within—and not abroad—when it won and established a form of Government by the People that became a model for the oppressed of all lands.

America can still demonstrate that form of government does more to assure national growth and international concord than any of the desperate experiments which now trouble Europe.

BE PREPARED FOR HOLIDAY BAKING

FLOUR

Made of the finest wheat. An all-purpose flour that is tested and approved by the Kruger Food Foundation. Now's the time to prepare for your holiday baking.
