re Dr. Van Dyke's thoughts.

To stoop down and consuler the needs and desires of lattle chaldren;

To remember the weakness and loneliness of people who are growing old;

To stop asking how many of your friends love your and ask yourself at you love them enough;

To bear in mind the things that other people have to bear in their hearts.

To try to understand what those who live in the same house with you really want, without waiting for them to tell you;

To trim your lump or that it will give more

waiting for them to tell you;
To tim your lamp so that it will give more
light and less smoke, and carry it in troit
so that your shadow will till behind you.
To make a grave for your ugly thoughts, and a
garden for your kindly technigs, with the
gate open—
Are you willing to do these things even for a
doca.

Then you can keep Christmas.

The Federal taw also provides that employers who have to pay this tax may credit any contributions made by them to State Employment Compensation plans up to more percent of the Federal Liv. It a state, however, passes no such Law then the employers in that particular state have to pay the entire tax into the I ederal Treasure.

Hardly To Be Expected

The indiscriminate sale of machine guns and sawed off shotguns to criminals aroused the public sommonths ago and a law was passed, requiring the regis

razion of such siles.

This, however, didn's settle the problem. For the twelve months ending June 30th, last, only one wazpon was registered. After all, you can hardly expect a gangster, busting a machine guin, to come in, be fingerprinted and pay a 5200 tax on his porchase, can you?
