STAR DUST

Movie • Radio

By VIRGINIA VALE

The motion picture business got a gentle jolt recently, when it was announced by a man who knows that the stars preferred by people who buy tickets to the movies are not the stars credited by Hollywood and the motion picture critics as being the best on the screen.

The announcement was made by H. H. Bly, a Birmingham man, who has been in the business for 24 years, and is the head of two organizations which operate 75 theaters in six cities, selling some 20,000,000 tickets a year. He says that the most popular stars this last year have been Will Rogers, Shirley Temple, Clark Gable, Mae West, Norma Shearer, Bing Crosby, Claudette Colbert, Myrna Loy, Joan Crawford and the team of Fred Astaire and Ginger Rogers.

The stars the critics rank over are Charles Laughton, Claudette Colbert, George Arliss, Clark Gable, Leslie Howard, Norma Shearer, Greta Garbo, Will Rogers, Shirley Temple and Helen Hayes. They include Shirley Temple you see, but put her ninth on the list.

Ad Verecundam—Elder Men of Harlech—Welsh Song Kingswood School Song

So let's take the list of the best ten, and check up on current news about them.

Will Rogers' pictures are still drawing crowds, a most unusual thing when the star is no longer living. Shirley Temple had a love-by-Christmas, with James Dunn acting as Santa Claus in an airplane and dropping presents. Greta Garbo, Norma Shearer, Shirley Temple and Helen Hayes, they include Shirley Temple you see, but put her ninth on the list.

From Impresario Steve Trumbull, radio vet famed for yachting through very stormy waters and for his immortal broadcast of the feverish Dillinger hunt in Indiana (while the late Public Enemy No. 1 was being a state-of-two away), comes this correction for the item in which it was stated here that Buck Rogers show had been taken off the air:

After stopping for one spin-up, the Buck Rogers show was immediately taken up by another. The show is presented on CBS Tuesday nights at 8:30 p. m. EST (reaching the Middle West at 5:00 p. m.) and then re-broadcast to reach the mountain states at 5:00 p. m. their time and the Pacific coast at 4:00 p. m. coast time. Thanks for getting your public right on this.

Odds and Ends. During 1935 Guy Lombardo picked and played on the air ten songs which became hits. Eddie Cantor's broadcast hour is changed, so that he longer has Major Bowes as competitor. Twentieth-Century-Fox is making three hundred prints of the quint's picture, "The Country Doctor"; it will be introduced simultaneously in three hundred cities. And I hear that it's a grand picture. Reginald Denney is making toy airplanes.

Habitual Thirst. Captain—You are charged with inhibiting my thirst. What excuse have you to offer? Offender (brightly)—Habitual thirst, captain.
