

REXALL TRAIN TO STOP AT DETROIT

Visit To Motor City Is Part Of Nation-wide Exhibition

August 8 to 11, inclusive is the date set by the United Drug Company for the Detroit appearance of the famous Rexall Steamline Train, according to Charles Shain, local Rexall Druggist. The train will visit the motor city as part of a tour of the country scheduled over a half year period, Mr. Shain said.

The Rexall Steamline Train has one of the most modern locomotives in existence. Besides the streamline construction, it has an air conditioning plant, recreation car, salon, dining and sleeping cars, and other newest improvements in this field. Six of the eleven cars on the train are given over to display of the United Drug Company's merchandise, and another car is fitted out as a convention room for the Rexall Druggists in this locality.

The train will be open to the public during its entire stay, and during the first week of August at Shain's Drug Store. It is believed that this is the largest display of its kind to be attempted.

During the weeks of its tour, over 800,000 people have visited the Rexall Train, from the eastern parts of the west, south and middle west, it is estimated.

Enjoy the CARESS of Soft Water

• If you have always used hard water, you may not even realize how good soft water feels on your body. How generously soft water yields its lather. How soft and clean it leaves your skin and hair. Nothing ever gets really clean in hard water. It reacts with soap to form a sticky, insoluble curd that no amount of rinsing removes. You can see the curd on the tub, on dishes, on clothes and linen. . . . feel it on your body after a bath. But, fortunately, the hardest water can be tamed. A Permutit Water Conditioning Installation attached to your household water supply pipe does the trick. The water goes in hard. It comes out softer even than rain water. And the most surprising part is that this greatest of household luxuries is not expensive. You can install it under the FHA plan and the savings will meet the payments. Learn all about conditioned water. Write for free booklet.

Two Navy Recruits Signed From Here

Two Oakland county youths were among the eleven U. S. Navy recruits who enlisted at the Navy Recruiting Station, Detroit, on July 15. Jay Fred Gory, 26, son of J. J. Gory, Rochester Road, Birmingham, who attended the Big Beaver School, and Richard Foley, of Berley, and who has been employed at the Corvair Nursery Company, Birmingham, are the local future midshipmen.

The recruits were transferred, upon enlistment, to the Norfolk, Virginia, Naval Training Station, where they will receive twelve weeks of military training and drill in naval work. At the completion of the course, a short leave will be granted them to visit their homes.

A DEFTLESS STATE.

Lincoln, Neb.—On July 1st, the State of Nebraska was absolutely debtless and had a cash and investment fund balance of \$29,728,557. A year ago it was \$19,720,065. An improvement in tax payments by farmers helped the state increase its balance, according to officials.

DETROIT BUSINESS MEN who live in Birmingham and Bloomfield Hills will be pleased at the efficient and helpful PRINTING SERVICE available from the staff of The Evening News. We have two direct Detroit branches—Elmhurst 4444 and 4445—and four branches in Detroit every day.
