

Let your BONUS BUILD a HOME!

Veterans! You can borrow four times the amount of your compensation bonds to build or buy a home—the soundest, most satisfactory investment of all!

With a good credit record and only one-fifth "down," you are eligible for an FHA Insured Mortgage which allows up to 80 percent of the total cost of a home.

This modern way of home financing offers you the means to pay conveniently—in easy rent-like payments over any period up to 20 years.

Let our experience in the building field guide you when you make your plans. Our representative will be glad to call at your convenience and give you more detailed information about building a home—or modernizing your home—with an FHA Insured Loan.

VETERANS . . .

"Hold Your Bonds If You Can . . . But If You Do Cash Them—"

Think of Your Home First!"

Acquiring a new home, or the improvement of your present home is the best and safest investment veterans can make. It not only insures the permanent saving of the compensation, providing comfort and security for the future of veterans and their families, but aids in the development of good citizenship in every community.
