Community House Gossip

By SATIA Y. OSBORNE

Tuesday the Pi Beta Phi had a benefit bridge and tea at the House. It seemed like an interesting and pretty occasion with no prospect of controversy...

Heather indignantly asserted his claim to Scotch descent, and thinks he is a pure Gaelic and not a half-breed...

Buff, thoroughly subdued and with his tail between his legs, went over to the library and got Miss Norman to help him consult a dictionary of dates...

Community House Primer Chapter 8. Use Made of the House in 1935: 66,334 persons used the House...

There is no way of saving it, certainly. How do you like this instead—66,334 persons-visits were made?

13,170 meals served. (And more too, because that doesn't count Buff's.)

896 meetings held. (Edith says that's not right, because some of those were not meetings, but concerts or teas or parties.)

1,444 persons given out of well far cupboards (food, clothing, coal, etc.) (Not we, not keep 'em out of the cupboard. But we don't like this carping criticism so we're not going to stop right here.)

And that is the last installment of our thrilling serial.
