### Student Chatter

THE CHATTERBOX

Birmingham will play Pontiac Saturday afternoon at Pierce school field. Let's see if we can't have a good turn out to help the boys along.

Last week I asked someone to help Jay Lowman out in solving his troubles with girls. The other day a pretty girl tells me that I was all wrong, and that Jay has had the same girl since last April, only he doesn't seem to know it.

Several people have been inquiring as to where Don Porcousin and Jim Lawlor were last Saturday night. Well, they were both at the show, but if there is any question as to where Porcousin was Friday night, ask Don Trump. She should be able to tell you.

Orchids to Hattie Levere for setting the record for last times. Four in one week isn't doing bad. Bob Ertter should get orchids for that rock and white plaid shirt he sports around school.

I wonder if Hattie Wiley had fun at the football game last week. Bagby seemed to enjoy him.

To ease the minds of some of the boys at school I will answer their question. Those two girls that Bill Spinning and Herb Poppletton are seen with are new this year. They came from Evanston, Ill., and are very pretty. Their names are Mary and Marguerite Cowap. They live from Birmingham.

The gossip this year doesn't seem to be very good, so if you have any good ideas for this column, or any questions you would like answered send them to Student Chatter, in care of the Birmingham Eccentric.

"What is a synonym?"  
"A word you use when you can't spell the other one."

Nov. 13—Chatham Vocational School (Canada), there, 3:45 p. m.

### Around The Circuit

— AMERICAN LEAGUE —

Lou Gehrig, the big power house of the New York Yankees, one batsman who arises to the occasion and hits better in a world series than he does during the regular championship season.

In the seven-game series of 1936, Lou made eight hits, including two doubles, for an average of .348. In the four-game game with Pittsburgh in 1927, he made four hits, two of them doubles, two of them triples, for a mark of .308, driving in five runs as compared with three in 26. In the quartette of contests against the Cardinals in 1928, he made six hits, one being a double and four others home runs, for an average of .445, driving in nine runs. Against the Cubs in 1932, he made nine hits, scored nine runs, drove in eight, his average being .529.

In the four series in which he has participated, Lou has played nineteen games, scored seven runs, made twenty-seven hits, including six doubles, two triples and seven home runs, driven in twenty-five runs, his complete average being .422. As a first baseman, in those same nineteen games, Gehrig has had 189 put outs, six assists and one error for a mark of .995.

Lou's only close rival in batting among those batsmen taken part in at least three world series is Pepper Martin, who has hit .418. Martin, however, went to bat in only two series, merely acting as a pinch runner in 1928. Other former series batting marks are: Earl Combs, .350; Rip Collins, .344; Jimmy Fox, .344; Al Smith, .339; Frank Frisch, .294; Jimmy Dykes, .288; Leon Goslin, .286; Kiki Cuyler, .285; Gabby Hartnett, .279; Bing Miller, .258; Mickey Cochrane, .245; Tony Lazzeri, .244; Mark Koenig, .233; Chick Hafey, .205; Jim Bottomley, .200; Gus Haas, .161; Gus Mancuso, .150.

Denny Cahoon, Cleveland pitcher, started off the 1936 season by winning five straight. On September 11, he lost his fifth in a row. Washington, by the way, seems to have Denny's number. On August 26, Gatehouse started against the Nats at Washington. He lasted two innings, allowing three hits and six runs. On September 11, he started again against the Nats at Washington. He failed to get a man out in the first inning, allowing six hits and five runs.

Earl Whitehill has been pitching great ball of late, having been given plenty of rest in between games. He downed St. Louis on Sept. 1, Philadelphia on Sept. 6 and Cleveland on Sept. 11. In each of the three contests he allowed only six runs in all three.

The possession of Lou Gehrig allows the New York Yankee management to develop first basemen and sell them to the National League. When Gehrig first became the Yanks' regular first baseman, Wally Pizarro was sold to Cincinnati. A year ago, they sold Buddy Hassett to Brooklyn and George McGuire to Cincinnati, later getting McGuire back and farming him out to Toronto. In the deal for Hassett, New York acquired first baseman John McCarthy, whom it now has sold to the

make it twenty any day now. Charley Ruffing, who never has been able to hit the twenty mark, already has won nineteen. Others practically sure to win a score of games are Monte Pearson and Johnny Allen, the two who were traded for each other last winter.

### GRASSHOPPER CAUSES DEATH

Holdrege, Neb.—When a grasshopper lit on her ankle while she was driving her automobile, Miss Marjorie Low bent to brush it off. She lost control of the car. It plunged into a ditch and rolled over several times. Little Amette Starwick, 6, a cousin, was fatally injured.

### GOOD YEAR

### SCHOOL NEWS

The schedule for school activities has been completed, and the clubs got under way last Tuesday during activity period. Besides the clubs that were active last year, two new ones have been added. One is a Spanish club, which will prove very useful for those who wish to learn to converse in Spanish. It will be under the direction of Mr. Mercado. Miss Hill is starting an office practice club for all who are interested in practical office work. Mr. Murray will take over the hunting and fishing club, which Mr. Hebblewhite had charge of last year. Miss Walker, and Mr. Murray will be the advisors for the senior high student congress this year. Mr. Haswell will be the advisor for the junior high student council.

The first G. A. A. meeting of the year was held last Friday. 150 girls attended this meeting, which took place during activity period. They divided into three groups, riding, archery, and badminton. The archery group will meet Tuesday nights after school. Mildred DeLee will be the manager. Tuesday rising group will also meet Tuesday nights after school. They will ride at Devonshire Downs Stables. The manager has not yet been chosen. Badminton is scheduled for Wednesday. Faye Elizabeth Smith will be the manager.

The junior high G. A. A. will use field ball as their fall sport. There will be a steak roast October 8, at which time all new members will be welcomed into the club.

### The Inquiring Reporter

Question: Do you prefer blonds or brunettes? and Why?

Neil Stark: "I prefer blonds but Pat Roma marries a brunette because they don't double check you. Botsford has pretty hair, hasn't she?"

George Thompson: "I prefer brunettes, because they are more level headed."

Jay Lowman: "I prefer blonds, because they have a sweeter disposition, and are less moody."

Gennie Gay: "I have no preference, it's personality that counts with me."

Alice Botsford: "It all depends on who I'm going with. At the present he's a brunette."

Jack Scalero: "It makes no difference. I take all that comes my way."

Katherine Wygant: "My preference is blonds. I've always carried a soft spot in my heart for them, or him."

Steve Wygant: "I'd take a blond any day. I guess it's because my gal is a blond."

Clark Collins: "I like them both, but I won't tell you why."

Chester Chatsfield: "I like blonds because although I haven't had any experience yet."

Nancy Fisher: "I'm not particular."

Phil Carey: "It makes no difference, whether they're blonds or brunettes, just as long as they're beautiful."

Kathryn Walton: "I'll take a blond, because they have a better sense of humor."

George Bolton: "I like all three equally, brunettes, and blonds."

Harold Mintling: "They change so often, I don't know which is best."

Harriet Lepera: "I'll take blonds, brunettes, or redheads. Variety is the spice of life. Boy, do I like that."

Bob Freeman: "I'll take a blond. I'm tired squeezing black heads."

### LEARN WHAT

room-wide light

MEANS WITH THE NEW THREE-LIGHT LAMP!

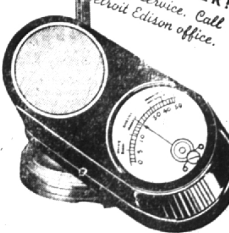

Old-fashioned lamps with shades and closed tops focused a small pool of bright light in one spot and left the rest of the room in murky shadow. Even when one sat directly under the lamp, the sharp contrast between the light and the surrounding darkness was trying on the eyes. All this has been changed with the modern new 3-light lamp.

A light shade with a light lining — open at both top and bottom — throws a great deal of light into the room. The lamp has a diffusing bowl under the shade, which throws part of the light upward to the ceiling, and this is reflected back and spread over a large area, eliminating harsh shadows and providing roomwide light. The bowl also diffuses the downward light, so that it is soft and pleasant, without glare.

The Sight Meter will show you instantly why this lamp is superior to your present lamps. To guard eyesight and make reading, writing, sewing and other seeing tasks easy and comfortable, choose a 3-light lamp for your living room. You will be amazed at the difference it makes!

Check your home lighting with the SIGHT METER! No charge for this service. Call your nearest Detroit Edison office.

DIFFUSING BOWL THROWS PART OF LIGHT TO CEILING

This lamp provides two kinds of light — direct and indirect. A diffusing bowl under the shade throws part of the light upward to the ceiling and diffuses the downward light so that it is soft and peaceful. Harsh shadows are eliminated.
