**NEW FORD-AIRE UNIT ANNOUNCED**

**H. J. Stringham Is State Sales Manager Of Company Here**  
Announcement is made today by Harrison J. Stringham, Sales Manager of Ford-Aire Sales Company of Michigan with headquarters in Birmingham, of the "Ford-Aire Eighty" oil burning air conditioning unit which will be of material interest to Oakland County building trades. The "Ford-Aire Eighty" will be the first unit available in the middle west operating hour which permits an average efficiency unknown up to the present time. According to Mr. Stringham, the unit will handle the average six room colonial house with ease as it has an output in excess of 80,000 British Thermal Units per hour. The name was selected because of the fact that the "Eighty" burns eight-eighths of a gallon of oil per hour and is over 80% efficient.
