

YOUR HELP IS NEEDED

HERE IS THE BUDGET FOR 1937

Salaries—Director, Cashier, Night Hostess (20 Hours a week); Employment Director (now from 8:30 to 3 p. m. daily); Janitor and Assistant	\$ 5,270.00
Interest on Mortgage	555.00
Principal payment on above	500.00
Insurance	305.00
Telephone	200.00
Heat, light, power, water	1,675.00
Maintenance and upkeep	500.00
Welfare Expense	200.00
Office supplies, printing expense, etc.	375.00
Boy Scout Donation	300.00
Saturday Club	300.00
	\$10,180.00
Mortgage payable to Detroit Trust Company	\$ 9,200.00
ANTICIPATED REVENUE	
Rentals	\$ 1,000.00
Thrift Shop	400.00
Commissary	1,450.00
	\$ 2,850.00

The salaries for the commissary are not included in this budget because this department has paid its own expenses for the past four years.

Let's Put The Community House On A Solid Foundation Now!

GOAL FOR DRIVE IS \$10,000

The 1936 drive was the most successful the House has had since 1929. It is hoped that this year's drive will beat that by a considerable margin.

During 1936 the House was able to wipe out a \$5,000 indebtedness for furnishings. The only remaining debt against the house is the \$9,200 mortgage. Let's put a big dent in this mortgage now!

From the budget figures given on this page you see how much it costs for the normal operating expenses of the House. The Board of Directors have stated that every penny over and above this operating budget will go to apply on the mortgage.

The Community House operates at remarkably low cost for the amount of service it gives. If the mortgage and its interest could be eliminated the House could give even greater service. It could expand its activities into those other projects so many people desire.

Give the House your support **Now!**

Watch The Thermometer For News Of Drive Contributions

Watch the large thermometer that will be erected at the corner of Woodward and Maple avenues. Totals will be entered on this thermometer daily during the drive.

The House thanks the members of the Birmingham Fire Department for their service in erecting this thermometer. Let's all do our bit to push the "mercury" right out of the top!
