**Gold Story**

**From the Montreal Star: The Scot had been listening to a group of American golfers in the clubhouse boasting about their feats. After hearing it for 20 minutes, he felt it was time he put a word in for himself. "That's nothing. An ace hit it in through a cottage window, knocked over an oil lamp, and set the place afire. "And what did you do then?" asked one of the audience. "Ah, I tried up either 'a' immediately, took careful aim, and hit the fire alarm."**
