DOROTHY GRAY CREAM 683

• You'll want to ear it, but don't! It's a luscious, deable-learny cream that softens your skin while it clearner. Named after Dorothy Gray's famous 683 Fifth Avenue Salon, where it has been used with marvelous results for patrons with dry skins. Its penetrating qualities are remarkable, because it contains vegetable oils...and because double-bearing breaks the oils up into such tiny, frothy particles.

Mrs. L. E. Davidson of Davidson's has just return-'ed from a week's intensive study at the Gossard School has received the Gossarth diploma of a Graduate Cor

This diploma is awarded ohly after passing a rigid examination in all branche of fitting, stock-keeping and

Mrs. Navigson in telling of her experience, spoke particularly of the recent development in various types of garments which now are known under the general name, correts. The old idea of subjecting the figure to unnatural pressure has been abandoned and instead, the garmonts, made today are designed to mold and support the figure in a number that is both comfortable to the wearer and pleasing in appearance: Regardless of whether the garment is a corset, clasp-around, comintehded to conform to the current fashions and there is a proper selection for all types of figures from those that require the simplest girdles to the woman whose bealth demands a substantial support.

Mrs. Davidson is now well qualified to advise those kho are interested in secur ing the most pleasing effects as to style, as well as those who require fittings which are hygienically correct.
