Ninth New House In Year For Franklin Village

This attractive Early American house, now under construction for Mr. and Mrs. Frank W. Biringer, of Rosedale Park, Detroit, is situated at the West and of the valley in Franklin Village and is appropriate to the whole nature and spirit of "The Town that Time Forget," under development by Gorge Wellington Smith.

The nine-room house, which will be ready for occupancy by May 1. was designed by J. MacDonald Jacob and Associates, of Detroit, and the landscaping is being handled by John Hartmann, of Franklip Village. According to Mr. Smith, it is the ninth house started within the village limits during the past 12 months. Four of them are ptill under construction.
