THE WHOLE NEIGHBORHOOD LOOKS BETTER SINCE WE PAVED WITH CONCRETE

I WISH we had put concrete on our streets long ago. Aside from being the best to drive on, it keeps itself clean, looks better, and has made our neighborhood more desirable. Property values are up.

That's not half the story. Your own experience tells you that concrete helps you to drive safely; that it effectively checks skidding; that its light-grey surface helps you see at night.

And concrete saves you money because it is moderate in first cost, low in upkeep and long lasting.

Be guided by your experience and observation. When your streets come up for paving—insist on concrete.

Fashion Tips

The popular dress for the New York drive is of black. Jersey is favored this year as a day material in black. It looks good and has more body than a sheer.
