## George Foundation To Hold Convention

Through the efforts of the Detroit Convention & Tourists Bureau, the annual convention of the Henry George Foundation of America will be held in Detroit on August 26, 27 and 28 with headquarters at the Hotel Statler. It will be remembered that Mark Twain once said that "While everyone complains about the weather, no one does anything about it." In these days everyone complains about taxes, but the Henry George Foundation is an organization that proposes to do something about it and everyone who is interested in lower taxes, lower rents and lower prices is cordially invited to attend all of the sessions of the Convention.

Local committees on arrangements have not yet been appointed, but those interested can secure all available particulars by calling the Convention Bureau.

Father was standing at the edge of a cliff admiring the sea below, the bag of sandwiches clutched in his hand. His son approached him and tugged at his coat.  
"Mother says I can't safe here," said the boy. "And you're here to come away or else give me the sandwiches."

## WEDDING NOTES

"... here comes the Bride"

"... beautiful, isn't she!" And she should look beautiful, for this is one of the supreme moments of her life. Now away for the honeymoon, and then "At home after July 3, at such and such a number on this or that street," and not 'til then will she really see the pretty girls that are here! She has been far too excited lately, what with all the teas and bridges and dinners and showers and dances, to go to.

It is a good thing to remember when you are choosing for her to select one of those gifts that never grow old, that she will truly appreciate having when things are all over and she settles down to normal.
