

I discarded them, rather than hobble about in ill-concealed Vereywousin goes through a similar ordeal, according to pullar Tear, substant professor of taxthes and related arts, is Tear that "women are too dependent upon salesmen for ation about the shoes they are buying." It is a substantial to the survey shows, salesmen are not well enough informed well were able to indicate the professor. The women well were able to indicate the professor to ye seemed to favor shoes with low heels, narrow at the st wide enough to be confortable at the yec, gast, that's the type of shoe women want on paper. But a shop, fingering a frivolous little shoe that reminds her air she were on her honeymon, Everywoman is likely to gain to vanity and make the same old mistake.

But It's True

of the volumes. indular disturbance. But he was perfectly healthy and unusually
