By S. O. WYLIE BELL & SON

THE FIRST CHURCH OF PHILADELPHIA

Although William Penn founded the city, there were a few Swedes who settled here before him. One of the first things he did on settling was to build a church which is shown above. It was called Old Sweden Church and is the oldest religious organization of that city to-day.

A real desire to be helpful together with a keen sense of appropriateness in detail, is a distinguishing mark of our service.

ACORNS NOSE OUT 'Y' QUINT

Royal Oak Squad Defeats DeMolay Court Team In Final Tilt

Pfeiffers, a strong quintet from Royal Oak, proved too much for DeMolay, local Y. M. C. A. team, in their exhibition game at Barrum School gym last Thursday night, taking the long end of a 25 to 20 score. Other games on the card for the night were regularly scheduled games between Pecks and Ladds, won by the former 14 to 11. McBridge vs. Eccentric, which McBridge won, 27 to 17.

DeMolay finished in fourth place in the local league and in view of their strength put up a regular struggle to hold the Royal Oak aggregation to such a low score. Although the victors led all the way, they were never out in front very far. The score at the quarter was 8 to 4 and at the half 13 to 12. The end of the third quarter found them leading 19 to 16 and at the final whistle were ahead 25 to 20. Peck DeMolay center, led the scoring with five field goals. Smith, substitute forward, led the scoring for the visitors with four field goals.

The Eccentric-Eccentric contest was the most exciting. The Eccentric quintet took the lead in the scoring during the first quarter, marking up four to McBridge one. It looked like the unbeatable Eccentric might be able to take defeat but it was not to be. As they came back in the second quarter and ran the score to 9 to 6 and went on steadily to win the final score being 27 to 12. Herriek and Ken McBridge were tied for scoring honors with seven points each. Cliff McBridge led the Eccentric scoring with five points. Herriek's presence in McBridge's lineup has much to do with their victory and the Eccentric keenly felt Birmingham's absence from the lineup.

Pecks beat Ladds 14 to 11 in their contest with Chapman high school man for Pecks with three fieldgoals and one free throw and Kitchen led Ladds squad with five points. These games brought to an end the regular schedule of the league. The All-star contest will be played at Barrum School gym Friday night, March 19, when a picked team will represent the league in a contest with the General Motors Truck Class A team of Pontiac.

Maroons Win District Tournament, Routing Rochester '5' 53 to 19

Coach Franklin Whitney's Charges Flash Best Form Shown This Year in Administering Crushing Defeat To Opponents At Oxford

A flashy Baldwin High School basketball team duplicating its championship play of last year, completely dominated the game with Rochester High School Saturday March 6, in the district basketball tournament at Oxford and swept to a 53-19 victory. It was a vindicating triumph for the local boys, for by winning the handsome silver trophy emblematic of the district championship, they atoned for a season-record studded with disappointing defeats.

One-although the score was the game was by no means lacking in thrills or stand-out plays. When the regulars had unavailingly fought their way back but he came back with a vengeance against the Rochester quintet.

The game was also marked by the play of Coach Whitney's second string five in the last quarter. When the regulars had unavailingly fought their way back but he came back with a vengeance against the Rochester quintet.

It's farther between filling stations in the Ford '60' The 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy. When the '60' came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford '60' owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!
