NON-PARTISAN STATE NEWS LETTER

BY GENE ALLEMAN

**Michigan Press Association**—Michigan's press of state finances, Governor Frank Murphy, is demonstrating that he means business in trying to balance the budget.

Faced with the prospect of a \$18,000,000 deficit due to legislative generosity in granting requests of home pressure groups, Murphy asked for and received extraordinary power from legislators, before they adjourned, to trim appropriations as he saw fit.

In the matter of finances, the legislature abdicated its responsibility. Invested with all the authority of a financial dictator, the governor has reduced an estimated deficit from \$18,000,000 to \$1,000,000. President Roosevelt announced last week that the federal government would balance its budget beginning July 1, 1938. Governor Murphy is determined, so he professes, to maintain the "financial integrity of the State," in 1937.

**Budget Director is Republican**—President Roosevelt's appointment of two Republicans—Lakes and C. Wallace—to his cabinet has an equal in spirit at least to Governor Murphy's appointment of Republican Harold Smith to be budget director. The selection of Smith was particularly disappointing to expectant Democrats, and it has not been altogether surprising that they were not happy family to have a Republican in the position of slashing the state's appropriations and receiving the governor's public praise for doing it.

Speaker George Schroeder has been touchy about this situation, claiming that legislative prerogatives were being usurped by a state appointee.

It has been a bitter pill for some legislators to have Smith, a Republican, become the recipient of commendation by the governor for doing something which the Democratic-controlled legislature failed to do.

**Labor Trouble Grows**—The nomination in Detroit of the C. I. O. candidate for mayor has given fresh impetus to the growing labor movement in Michigan. It presages new and determined efforts of the C. I. O. to organize workers in industries throughout the state. It increases the likelihood that Governor Murphy may call the next special session of the state legislature sooner than next January for the purpose of passing a labor relations act.

At Eaton Rapids a woolen mill has been idle for many months, due to labor demands for higher wages.

The labor movement grows in Michigan. Results of the Detroit primary demonstrate that the C. I. O. is still a powerful factor, one not to be lightly ignored.

**Farm Prices Dropping**—Industrial workers are getting \$200,000 more weekly in their pay checks and prices have been climbing steadily. For automobiles alone, consumers will pay more. But what commodity prices have been going down, farm prices have been going up more. Farmers must pay out more, yet receive less.

The state cooperative crop reporting service, example points out that on Sept. 15 the price of wheat was 10 cents lower.

**Rev. Forsyth Leads Cincinnati Forum**

The Rev. Warner L. Forsyth, Rector of St. James Episcopal Church, left Sunday for Cincinnati where he will conduct a one-day Forum on Religious Education in connection with the triennial convention of the Episcopal Church in progress there. Mr. Forsyth is chairman of the Department of Religious Education of the Diocese of Michigan as well as of the Fifth Province which includes the dioceses of the mid-west.

**Tip For 1938**

Newspapers of Michigan received \$10,000 from the state last year for the purpose of advertising the state through a four-day tour this summer of newspaper editors, members of the National Editorial Association.

A special train was chartered. Nearly 300 editors were taken from Detroit to Mackinac Island. Michigan editors who took the tour paid a higher rate than the visitors. Members of the tour committee paid their own expenses; rather than let state money.

The net result was the presentation to Secretary of State Leon D. Case at a Lansing luncheon last Friday (Oct. 8) of a check for \$2,629.57. Newspapers voluntarily refunded more than 26 per cent of the state appropriation, to the surprise of politicians. Again the sanity of newspaper editors is being questioned.
