

Christian Science Lecturer Brings Message Of Abundant Life In Address

Under the sponsorship of First Church of Christ, Scientist, Birmingham, Ala., addressed an audience of local and nearby Christian Scientists at the High School auditorium Friday evening.

Mr. Winn, who is a member of the Board of Lectureship of the First Church, Scientist, of Boston, Mass., was introduced by Mrs. E. M. Otterman, Second Reader of the Birmingham Church. Mr. Winn's address, in part, follows:

Let me ask you to go back in thought over a long lapse of centuries and contemplate one of the most dramatic scenes in history. It occurred during the ministry of our Way-shower, Jesus the Christ. As he went about doing his beneficent works among men his Master came upon a man who had been blind from his birth.

With such a tangible proof before them as the blind man's healing, what hopes this ringing declaration must have aroused! What courage it must have inspired!

The Psalmist sang: "Thou wilt show me the path of life; in thy presence is fullness of joy; in thy right hand there are pleasures forevermore."

skill had entirely failed in his efforts to relieve him. He sought help in Christian Science. The result was a perfect healing and we have in our possession a graph showing a full and complete restoration.

Christian Science is more than merely restore him to physical soundness; it equipped him with the unhandicapped and unfettered. We learn in the Christian Science text-book (Science and Health p. 481) that "God's being is infinity, freedom, harmony, and boundless bliss."

As we understand the eternity of life, as we gain a clear sense of that life more abundant, then learn that true life is one of endless opportunity and unlimited achievement.

Life is All-Powerful As we lay hold upon that life more abundant, that true spiritual consciousness of life, we gain the power of life, the dominion of life, the true strength of life.

Every quality of Life proceeds from God, infinite Life, hence it has omnipotence behind it. He "giveth to all life, and breath, and all things," the apostle declared, and as we express the true qualities of Life we are at one with the source of all life, God Himself.

to the Father's house, by enabling us to understand the teachings of our Way-shower, Christ Jesus. How grateful we should be to Mrs. Eddy, whose teachings have done so much to bring into human existence that life more abundant!

Not Funny. There are, today, twenty-three different varieties of Abraham upon the German law. And naming that Sachund Adolf is no longer considered funny.
