"Well, your worship, it was like this," said the man charged with disturbing the peace. "Me and my wife gets into argument over the washing machine. She calls me a lazy loafer and hits me on the head with a kettle. Then I knocked her down and up she comes again and knocks me down and kicks me in the neck!"

"I see," said the magistrate, "and what next?" "Then we gets mad and starts to fight!"

Assistant—Have you an account with the house, madam?

Customer—No, but maybe I can arrange matters with your maid.

Assistant (to manager)—A lady with no account to see you, sir. He—See that man over there! He's a bombastic ass; a stubborn nonentity, a conceited humber, a parasite, and an encumbrance to the earth. She—Would you mind writing that down? You see, he's my husband, and I should like to use it on him sometimes.

Place meat loaf or fish loaf in open dish. Place diced or whole potatoes in a tightly covered dish with 2 tablespoons of butter. Prepare carrots, beans, peas, or beans the same way. It is important to have tightly covered dishes—such as casseroles—to retain all the steam in the dish. The dessert might be ginger bread—a favorite among young and old alike. Place the dishes in the oven. Yes, you may use both racks, with thin dishes, or use touching each other or touching walls of the oven. This Modern Gas Range oven makes a beautiful shoulder roaster on lower rack or both racks are used. You tune in 350 on your heat controller, light the gas, set your timer for an hour and a quarter and relax. No doubt you have your own recipes for meat loaf and ginger bread, but here are suggestions.
