# SHIRT'S

QUALITY FOODS • ECONOMY PRICES

**CHOICE FRUITS AND VEGETABLES ALWAYS!**

An "endless chain" system, adapted to pig raising, brought this porker to Emerson Smith, student at Milton High School, Alpharetta, Ga. The "chain" started with the purchase of four pure bred black Poland China sows and one boar. The resulting litter of 24 pigs, 16 of them females, were distributed among students. From each new litter, two pigs are returned to the school committee, the mother pigs becoming the property of the students to whom they were assigned. The idea was originated to give students pure bred pigs they couldn't buy for themselves.
