ing these agile Buicks flash past

One of these days you're going to get fed up on hearing friends rave about Buick comfort, and Buick smoothness, and the florious view through Buick's bigger and broader windshield

and windows. One of these days you're going to wish you too had a car styled like a bit of tomorrow here to-

And one day you'll ask yourself why you didn't see what cut, 1939 prices. Sure as shootin'

all that's going to happen-unless you do certain things now.

First - come try out the brilliant surging power of this Buick's Dynaflash great eight engine. Next - find a rough stretch - and discover for yourself how steady this smooth traveler is in its going, how directable in its easy

handling. Finally - take paper and pen-cil, and when noting Buick's surprising low delivered price. the big reductions over last year, and the actual savings you can make by putting your dollars in Buick!

For the value's up mightily as you can see. And yet this great straight-eight actually costs less than last year—less than you'd expect - less even than some

sixes. How much less? We're waiting to watch your eyes pop when

Buick's the Beauty?"
