The pepel of President Roosevelt, asking the American people to contribute not less than one miles. To present the people of this great part of the people of the peo

public payroll cut in stary mouter decards of policy of the people to do likewise.

The also spread throughout the nation, with great saving to the so-called common people.

Nor was this all. Another office-holder, accustomed to spending the piblic funds to the profit of his friends, and it had been said himself, deeded that each dollar of the municipality's money should, and lifenceforth would buy as much as one out of his sown purse.

This dea likewsz, spread throughout the nation, with great saving to the so-called common people.

Will television pay its way? That's a question worrying American television, recarchers and promoters more than engineering proplems, says Fever Pay Its Way?

Frank & Elliott, experimental psychologist and author, in the current favorand Magazine.

Advertising his been nominated to foct television's ball—and the production of pictures and the treatment of any spring that the current favorand Magazine.

Advertising his been nominated to foct television's ball—and the current favorand Magazine, and the production of pictures and the treatment of the nation. By their aggressive resentment of any spring against their particular totem pole these minorities make it costly to anybody who dares to be acceptable products? How much advertising will they remember—and buy-televised products? How much advertising will they with the free leaving the products and the respective products and the treatment of any spring against their particular totem pole these minorities make it costly to anybody who dares to be acceptable products? How much advertising will they remember—and buy-televised products? How much advertising will they with the free leaving the production of pictures and the respective products and the respectiv
