## AUTHORITY ON CHILD HEALTH ADDRESSES PTA

"The Health of the School Child" was the theme of a talk made Monday to members and guests of the Holy Name Parent Teacher Association by Miss Alice Evans. The meeting was held at the Community House in the evening, to enable the husbands of members to attend.

Miss Evans, who was introduced by Mrs. Henry M. Foley, received her Master's degree from Columbia University following graduation from Smith college. After teaching health education at Western State Teacher's College for several years, she entered her current position as director of health education for the Children's Fund of Michigan.

Her talk embraced all phases of health education for school children, including mental, social and physical aspects. She stressed the importance of regular health examinations, also.

"One of the most important steps in this education," she affirmed, "is the study of health problems by the child himself." As an example she cited the pupils in one room who measured the amount of light over the entrance room with a light-meter, and then re-arranged the seating plan so that all might have well-lighted positions.

"Parents and teachers must always work together on health education, if children are to reap the fullest benefits," she concluded. "It is too big a job for any one person, including as it does personal living habits of the child and living conditions at his school; the desirability of a hot lunch at noon; and emotional stability. This last must not be overlooked, since it is acknowledged that this is one of the most important factors in maintaining child health."

## SOCIAL BRIEFS

Mrs. D. Warren Russell was hostess Friday at a bridge luncheon in her home on Pilgrim road, with covers laid for 12 guests. On Tuesday she was again hostess at a similar affair, for eight guests.

Major and Mrs. H. A. O'Dell are leaving for Florida on Friday, to be gone for the remainder of the season.

Mr. and Mrs. Bruce M. Tuttle of Ridgedale avenue were hosts Sunday evening to a small group of friends, for an informal supper in their home.

Mrs. Ruby L. Van Rensselaer of Evergreen road is spending some time in New York at the St. Regis hotel.

Mrs. J. Arthur Evans of Lakeview drive was hostess to her bridge club on Friday in her home. Disposal of spring flowers formed the decorations for the luncheon table.

## Fashion Tips

Vests of bright and unusual colors, without backs, but having small turn-down collars and belts which reach around the waist are being worn over silk dresses and under linen suit coats. These are popular with the fortunate ones who are spending a while at Southern resorts.

For those who prefer the colder climates a wool crochet bonnet from Norway is a popular item. It covers the ears and buttons under the chin.

New shades are a violet with lots of blue in it, raspberry and buttercups.

Satin-back wools are being worn so that small bird designs of silk come to the surface.

The Lights of Home

... cheery, comforting and kind to your eyes

IF YOU FOLLOW THESE 8 SIMPLE RULES:

- Be sure of decorative fitness of your lamps and fixtures. There is STYLE in lighting just as in dress. Choose your table and floor lamps to harmonize with your furniture.
- Eliminate harsh contrasts (brilliant light and dark shadows). Do not have bright pools of light in a dark room. Supplement local lighting with general room-wide light.
- Have enough light for each seeing task. There are definite recommendations as to the amount of light needed for reading fine print, sewing, mending, working in the kitchen, etc.
- Avoid bare lamp bulbs... they cause glare. Raw lighting is poor lighting—even if there is plenty of it. Shaded lamps are always preferable.
- Use the right size lamp in the right fixture. Too large or too small a lamp may cause eye discomfort and fatigue.
- In your floor or table lamps, choose the type of lamp with a reflector bowl; and—wherever possible—shades with a white lining to provide more light. The bowl helps to diffuse the light and assures a soft, pleasant quality of illumination.
- Wipe lamp bowls frequently with a dry cloth—also the reflector bowl of your floor and table lamps.
- If in doubt about any phase of your home lighting, call in a Detroit Edison Home Lighting Advisor. There is no charge for this service.
