PATTERSON TIES HIGH SCORE FOR BALDWIN CAGERS

The future of Baldwin's basketball team dimmed Friday night when Fritz Adams climaxed his high school career by leading his...

team to its seventh victory of the season against Mt. Clemens. In the same 48 minute space, the future brightened again as Don Patterson...

The appearance of Patterson who came to Birmingham from Dayton, O., this fall will lighten Coach Whitney's cares. "It's the best basketball player I've seen in these parts," commented Coach Whitney with a smile that broke through his poker face.

Birmingham was held to a 5-4 lead in the first quarter. Langermann scored on a fast break. Patterson, substituting for Loren Macdonald, jumped a rebound and Grambeau sank a foul while Pingel and Chapman dropped a long and short respectively for Mt. Clemens.

The second quarter was mostly Adams and Patterson for Birmingham while Kindra sank a lone foul for the Beavers. Don Upward dribbled the length of the floor for the first goal, Adams sank a lone. Patterson rebounded and Adams repeated his previous long. Patterson tipped another rebound. Adams timed a neat dog shot and Patterson dropped a short pivot and a free throw. At the half Birmingham was leading 20-7.

A renewed attempt by Mt. Clemens gained seven points to Birmingham's four in the third period. Adams caged two long and Patterson made good his second free throw. Chuck Sharkey, Mt. Clemens high scorer this season, dropped two free throws for his only scoring of the game. Bright colored lights blinked on and off on the front of the building and the decorations adorning the walls, inside were hilariously cartoons carrying out the theme of "Town Hall Tonight." Dick Gipeb...

...into the fourth quarter with a 25-12 lead. Birmingham chalked up eight more points to the victory while Mt. Clemens was completely handcufted. Langermann jumped a rebound. Patterson dropped two dog shots and left the game. Adams ended the scoring with another under the basket.

GALOSHES

By CHRISTOPHER BILLOPP. Galoshes are left at the bottom of the front hall closet, probably because they are black and the front hall closet is the darkest place in the house.

Galoshes look very much alike so that the chief problem connected with them is to select your galoshes from a confused mass of yours and other peoples' galoshes. The distinguishing feature of galoshes is their size. Therefore, to determine which are yours, it is necessary to know the length of your feet in inches and then to be able to determine what that particular number of inches looks like in semi-darkness.

This problem, simple enough in the early years of a family, increases in magnitude as the children approach years of discretion, and when it becomes a matter of dispute whether your son's feet are larger than your feet or your feet are larger than your son's feet.

Under such circumstances it is essential to throw more light on the matter by throwing more light on the galoshes. And the best way to do that is to stand with your face toward the closet, stoop down and bury all the galoshes you can lay your hands on through your legs into the open. There, in broad daylight, you may be able to detect those minor defects, details and peculiarities that distinguish your galoshes from everybody else's.

Baldwin Camera Club Plans 2nd Exhibition

Beginning noon Saturday and continuing throughout the following week, the Camera Club of Baldwin will hold its second exhibition of enlarged photographs which will be placed over the shelves in the Juvenile division of the Birmingham Public Library.

The club members sponsored a similar exhibit last spring which was well received and caused such interest and comment by the spectators that the club has planned this second one.

For this exhibit the 40 club members have made their own enlargements from pictures taken by themselves. Many also have made their own negatives. Several of those who have contributed much of the work on the exhibit are John Howlett, Bill Vincent, and John Henry.

Public is cordially invited by the club to attend the exhibit.

Floor Burns

By George Rounds. Right from clear sky drops and well-seasoned party: It isn't an everyday occurrence. All most coaches can do is dream about it. But it happened Friday at Mt. Clemens. Don Patterson, a "natural" if there ever was one, displayed skill equal to the best seen around Baldwin High School in a long time.

Losing Fritz Adams is certainly a tough break for Birmingham. When he was out, Patterson showed up. Together, those fellows would have rendered the Birmingham team the most unbeatible in its class. With Fritz gone, it can't tell. Pat has only one game in the bag.

BASKETBALL: Two Home Games

Birmingham vs Cranbrook, Friday, Feb. 4, at 4:00 p. m. Birmingham vs East Detroit, Saturday, Feb. 5, at 8:30 p. m. Both at the Baldwin gym. Public is cordially invited.

here upon which to base his future. But if he can continue last week's performance, the Baldwin team will be considerably stronger.

In checking the records at the mid-way mark we find one other than departing Fritz Adams leading in individual points a game. His twelve point total collected against Mt. Clemens places him second on the list. Langermann has collected 45 points, an average of 2.9 points a game. That's quite a record considering he's a guard and rarely gets within 12 feet of the basket.

Next comes Rollie Langermann with 42. In his forward position Langermann has developed a deadly accuracy for a player who is a continual threat to the opposition since almost every attempt is good.

In close order for third place is Lefty Grambeau with 40 points so far. Loren MacDonald ranks fourth with 33 points. Earlier in the season this splendid center was ranked first. But a scoring slump recently has cut down his average which was about seven each in the first four tilts. Competition, caused by John MacDonald and Patterson should, however, bring that high ability, which has already proved itself.

Don Upward with 26 points has a talent usually unrecognized because of the smoothness with which he handles the ball. Rarely substituted for, Don feeds the ball with consistent accuracy to the free forwards. He has a good eye for long shots of which he will rarely make more use with Fritz gone. He also has one of the coolest feet in the league and is essentially a "team player," caring very little for individual credit.

Granville Hunter and Bob Andrews have their good days at the basket while playing a steady defense that cuts down opponents scoring.

In eight games so far this season Birmingham has scored 231 points to the opponents' 172, an average of about seven more points a game. A reasonably tight schedule presented few walk-away games. The only loss was against Monroe, and gives the local team a .875 game average.

Birmingham plays two games this week end, and it is the desire of Coach Whitney to see a packed gym at these two home games.

All She Had. Young Angus had been out for the evening with his best girl. When he arrived home he found his father still sitting up.

"Have you been out with her tonight?" asked the parent.

"Yes, Dad," replied young Angus. "Why do you look so worried?"

"I was just wondering how much the evening cost."

"No more than half a dollar, Dad."

"Aye, that was nae sae much."

"It was a' she had," said Angus.

College To Begin Second Semester

Ferris, Mich., Feb. 3.—North Central College, now in its first academic year here, is preparing for a normal increase in registration for the second semester, which opens Feb. 14, according to an announcement by Dr. Clayton J. Ettinger, president of the college.

Virtually all of the 150 students enrolled for the first semester will continue their college work, Dr. Ettinger declared, and inquiries indicate that the rolls will be increased by about 30 percent for the second semester.

The North Central College is in Ferris, at Woodward Avenue and Ninth Mile Road. Here are the administrative offices and a number of the classrooms. Other units are located within the immediate vicinity. This location achieves removal from the distractions of the city while at the same time it offers the advantages of accessibility to its students.

William Wells Denton, Dean of the College and Acting Registrar, will reply to inquiries concerning admission requirements, courses of study, and living accommodations.

HOOPER WINS BOUT IN FIRST ROUND OF FIGHT

A crowd of 2,000 fight fans witnessed the opening of the 1938 Golden Gloves boxing matches at the Pontiac High School gymnasium Friday night.

Clem Hoover, a senior at Baldwin High School, but fighting for the Pontiac A. B. C. dropped Mike Radovics with a right to the face in the first round of their scheduled three-round bout after four seconds of trading rights and lefts to the face and body.

In the quarter finals of the 135 pound class, Clem won a decision over Jimmy Dembs of the Elks and survives with three other contenders in this class to fight Friday night.

George Lawler, fighting under non de plume name out the loser by the knockout route in the first round of his bout with Kenneth Purvis.
