bureaus that Washington cannot contain them. A stern advocate of economy who has spent more money than any President in the history of the United States. These are but a few of President Roosevell's grations. They suffice to show that no one, least of all the President, knows what he will do next. In the light of these inconsistencies, can it be denied that "confidence" and Mr. Roosevelt go ill together?

### THE NEW CIVIL SERVICE

THE NEW CIVIL SERVICE

In matters of politics, particularly party politics, Roosevelt has a subtle and penetrating judgment superfluous. No man's head, a subtle and penetrating judgment superfluous. No man's head, however dearly all the properties of the seed of "the more abundant life." Researching the coronius may be a suit able occupation for selentary penjules economics may be a suit able occupation for selentary penjules economics may be a suit able occupation for selentary penjules economics. It can only do harm when the researching good for incertainty good to the second of the second control of

### CAPITALISM WITHOUT, CAPITAL

CAPITALISM WITHOUT CAPITAL

The contradictory policies of Mr. Roosevelt and his professor would account for any obspression. They challenged the truism that the capitalist system cannot fullow the wild as the capitalist system cannot fullow the undistributed profit surplus from which any well-managed in the undistributed profit surplus from which any well-managed from surplus profits and the substituted profits and finances plans for expansion. The Exchange from surplus profits the profit of the profi
