OFFICERS ARE NAMED BEFORE ART ADDRESS

Officers to serve the Quorton school Parent Teacher Association for the coming year were named last night at the school. The elections preceded a program at which Miss Jane Welling, Art instructor at Wayne University, was the principal speaker.

Mrs. J. B. Marley will act as president of the Association, the elections revealed. Other officers include Mrs. Stanley Spiegel, mother vice-president; Miss LaRelda Forest, teacher vice-president; and Alan W. Joslyn, father vice-president. Mrs. Roy B. McCutcheon is the new treasurer and Mrs. Lee E. Joslyn Jr. is recording secretary. Corresponding secretary will be Mrs. W. S. Gilbreath Jr.

Miss Welling chose "Art in the Progressive School" as the topic of her address. She spoke briefly of the background of art education, touching upon various influences which have changed the procedure.

A former stereotyped manner of teaching drawing has been supplanted by the rich methods of the present, she stated. The formal, uninteresting methods have given way to the varied use of materials now offered children from nursery school level through the elementary grades.

A film, shown on the school's new projector, showed the use of novel materials for art expression among school children: tin cans for social work; old newspapers for paper mache, clay, cardboard etc. Mrs. Welling explained that free expression is possible only with very young students.

"The skill which these youngsters acquire in the use of their hands will lead to better balanced individuals when they grow up," she explained, emphasizing the value of the cooperation resulting from many individuals working together in a group project.

MUSICALE ASKS CURRENT HEADS TO SERVE AGAIN

The entire executive branch of the Birmingham Musicale was requested to serve for another year at the club's annual elections, held Thursday at the Community House, following a dessert luncheon. Those so named include Mrs. Earl G. Potter, president; Mrs. D. T. Tate, vice-president; Mrs. Carl Hinkle, recording secretary; Mrs. H. Dean Yacum, corresponding secretary; and Mrs. H. G. Wood, treasurer.

Mrs. Potter appointed three members-at-large at that time, naming Mrs. Howard D. Crail, Mrs. Laurence Clark and Mrs. Laurence H. Thomas to fill the positions.

Musicale members will meet at two o'clock Thursday, March 24, at the home of Mrs. George E. Averill on Riverview avenue. "American Music" will be the theme of the day. Elizabeth Newm and Edward MacDowell are the two musicians whose work will be studied by the club on the occasion. Mrs. H. Victor Spivek will conduct.

Marriage Makes Career Says Woman Conductor

Genia Branscombe, A.S.C.A.P., conducting a chorus rehearsal.

MUSICIAN, author, composer, educator and organizer of choral groups, clubwoman — and yet time to be a wife and mother of three daughters. That is Genia Branscombe, one of over a hundred women members of the American Society of Composers, Authors and Publishers.

"Marriage did not halt my musical career, which began really at six and which has been the driving force of my life," says Miss Branscombe, who is Mrs. John Ferguson Tenney when the Lucy Stoners aren't looking. "Life is big enough for both," she added.

WOMEN VOTERS HEAR SPEECH AT LUNCHEON MEET

Mrs. Iris C. Walker of the Consumer's Council division of the American Agricultural Administration appeared before the Birmingham League of Women Voters last Thursday. The occasion was a luncheon, given by the group at the Community House. Mrs. Angus D. Mclay presided at the luncheon and introduced the speaker.

Mrs. Walker told of the work of the department in safe-guarding the interests of the consumer. "The consumer is all-powerful," she affirmed, "even though he doesn't know it yet. This protection is of importance to everyone, but those who need it most are least able to insist upon good value for the money they spend."

She stated that the Council can only undertake duties given it by the consumers, stressing the need for consumer education. In this connection she called attention to "The Consumer's Guide," a pamphlet published free of charge by the government and available for the asking.

Continuing on this theme, she told of the importance of uniform standards of weights and measures. "Along with these must go a uniform standard of grading," she declared. "This uniformity is seen with canned goods and other produce through every step until the retailer and consumer. At that point the grade A, grade B, etc., terminology is abandoned, and expressions like 'true blue' and 'very best' spring up in order the small buyers need protection."

PIERCE PTA HAS PROGRAM TEA AND ELECTIONS

The annual election of officers for the Pierce school Parent Teacher Association, coupled with a program and tea, was held at an eventful afternoon for members. All the activity took place on Thursday at the school.

Mrs. Clyde E. Dalton, who headed the group last year, will serve again as president, the election returns showed. Harry Clark is father vice-president and Miss Francis Lacey is treasurer. Mrs. J. Knott is recording secretary, Mrs. Floyd L. Crouse is secretary of the group's newly-elected historian.

During the business meeting, Mrs. Marion Reed of Royal Oak, supervisor of visitors in this district, was principal speaker on the program which followed the elections. Musical selections completed the entertainment, which preceded an informal tea.

The activity on the calendar is a card party, which the group's executive committee is planning for Thursday, April 7. Mrs. J. Knott is particularly interested in the affair, for she is acting not as general chairman for the party, but also is in charge of ticket sales.

OUR COAL "TALKS"

We depend on our coal to tell its own story of quality and service. If our patrons who use our coal day after day and season after season are not pleased and recommend it to their neighbors and friends, it matters little what we may say.

ARE YOU LISTENING?
The final word must be spoken by the coal itself. The user who tells his next-door neighbor how good Lawson's coal proves to be in actual service is our best advertiser. Lawson's coal "talks"—and its message is—
