DRIVERS TO TAKE SAFETY TESTS AFTER APRIL 1

East Lansing, Mich., March 30.—Michigan's most sweeping safety measure whereby motorists are examined before being granted driving licenses goes into effect Friday.

Two-hundred-eighteen stations will be open on that day to check ability of Michigan drivers to operate their cars with safety to themselves and others.

The law providing for driver examination was passed by the legislature in 1937 and various stationing up machinery for its operation.

Commissioner Oscar G. Olander of the state police in an order to heads of these stations set March 31 as the deadline for the present system of issuing driving permits.

On and after April 1, "his order reads," the new operator and chauffeur licensing procedure will be in effect and only applicants made in compliance with the rules and regulations of that act and bearing the signature of a properly commissioned examiner will be honored.

Driver licenses in Michigan must be renewed every three years. Renewal may be sought any time after six months prior to the expiration date.

BACK FENCING By A MAN ABOUT TOWN

We received a sure sign of Spring in the mail the other day. Mrs. Henry Kline, who lives over on Forest Street when not down in sunny Florida, made good on a promise given us before she went south, and sent us red hot news from the Detroit Tigers' training camp.

While on the subject of Spring sports, we must tell you folks that our genial city commissioner, Wilbur E. Moody, still retains the form of a college dash man when he "takes out" to get places in a hurry.

While dwelling on Chief Hackett, we are reminded that we were requested to thank the Chief through our column for his cooperation in regulating traffic over at the High School and Community House the other day when the P. T. took over the city.

The town was all excited the other morning when the report was circulated that one of the Mutuals operating in the city had "paid off" to the tune of \$1300 to one certain young man over on East Maple.

former head man over at the Adams School, was in town for a day and stopped long enough to say "hello." He seemed very enthusiastic about his new position at East Lansing High School, and reported that everything was coming along just fine down there.

Here is a caption which most of us have seen before and in some cases believed to be the "true state of affairs. Might might be the case in the incident which caused tongues to wag over the recent week-end.

It is further Ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Birmingham Eccentric, a newspaper printed and circulated in said County.
