Northwestern University goaded the U. of Chicago as being a house haunted by females who were ghosts at best. Irked, the boys at the U. of C. had a beauty contest, picked one Joy Hawley as their prettiest. Faces reddened when Northwestern proved the beauteous Joy is a Northwestern student. This week the U. of C. flag is at half-mast.

This week the list of those who put shines on their blue serge pants or contracted rung in their stockings reads like a school-room roll call. The dearth of chairs at the Snack created a dearth of vacant laps. The weight of those who sat was adjusted to the strength of those who were sat on as the evening wore on. Among those who adjusted were **Betty and Tom Usher, Mary and Hank Forster, Brien** and **Mary Weidenmann, Jean** and **Sam White** with a new package of gum, the **Sam Potters, Connie Barnes, Rosie Neal, Harriet Flannery,** and **Barb McCutcheon.** Toward the end of the evening some looked as though they were thinking, "When did I get into society and didn't mother it?" . . . M. S. C. P. this last week-end threw a drop-the-hanky party and had the kids plowing around in the mud to find a note which only told them to get out of it . . . Active in the mud-plowing was **Fritz Adams** . . .

CRANE TEAMS REMAIN IDLE DURING RAIN

Rain severely curtailed the athletic program of Cranbrook school during the past week, and those matches that were not called because of the weather have been unfavorable for the Crane athletes. The track team approaches the close of this week with two defeats and three victories, following Tuesday's meet with Ferndale High School, on the home grounds.

The final score reads: Ferndale —61; Cranbrook—43. Each team won six first places, with Woodward Roe of Cranbrook high point man for the entire meet. He won three of his team's firsts; the 100 yard dash, the 220 yard dash and the high jump.

Two other matches scheduled for Tuesday were rained out. Baldwin was to have played tennis at Cranbrook, and the Cranes' baseball game with Walled Lake high school stopped in the third inning, with Cranbrook trailing 8-3.

Western Reserve took the invading Cranbrook thinclads at Cleveland over the week-end, and the baseball and tennis meets were rained out.

COLUMN LEFT ABOUT

Last week in the society notes of the Eccentric was a squib about the gathering of **Ginny Mosher's** gang of sewing circle inmates. Many of those present were part of several of Birmingham's young married set. It is quite amusing to see the girls all gather over the needle and thread and engage in a little bit of scandalmongering just like the older more experienced "girls." Still in the bush leagues yet, the youngsters will learn fast. We'll bet that come Micklemas, they'll be staging as tidy a bit of fooferaw and flubdub as could make any ears burn.

It's fine that the girls can have this recreation but one can't help thinking that the principal contribution of these scandal schools to society in general is nothing more than a conglomerate assortment of sleazy sentiments and maudlin sumpty-dumps.

Only kidding, gels, only kidding.

The dome in the Cincinnati Railroad Station makes the acoustics there nearly perfect. People can get in each corner of the station and carry on a conversation in a moderate tone. The sound travels up the walls, curves around the dome, and comes down the opposite wall into the corner. Pranksters have fun with people who walk up to take a drink in an opposite corner. Seemingly the drinking fountain speaks up and says, "Get away from here or I'll squirt you."

So much rain fell last week that people were beginning to think that a sunny day in May had become an anachronism. Must have been an inch of rain anyway.

Just for the sake of some wild figuring, let's assume that an inch of gasoline had fallen over a square mile instead of water. Catching this gas in a square mile pan, you would have approximately 25.7 million gallons. Assuming you got 15 miles to the gallon in your car, this amount would take you over 400,000,000 miles, or around the earth at the Equator 15,430 times. Using 25,000 miles as the distance around, at an average of 60 miles per hour around would take you 416.6 hours, 15,430 times around would take you 741.3 years, so you'd better get started.

Birmingham would take three weeks to consume the water that fell an inch deep in a square mile pan. This includes drinking, cooking, bathing, and sprinkling.

One Friday evening about ten, we, a dateless foursome, ambled out of an early show and decided to go back to the Hesperian House and start a little fun. As usual at this hour on a week-end night, the house was as empty as a haunted mansion, so we decided the beds in the dorm needed a little rearrangement. We switched No. 1 to where 6 was, ten to where 1 was, 6 to ten's position, and so on, until we had given all the beds a new viewpoint. We were careful, of course, to move ours too in order to allay suspicion; but we were careful not to move them too far away from their original positions as to untangle the puzzle is some job, and we didn't want any more trouble than was necessary. Next we switched mattresses from bed to bed, but merely swapped mattresses with each other so we knew where ours were. To add to the confusion and to show that this was no amateur performance, we decided some of the blankets didn't look so well on the beds they covered, so we worked out a new color scheme for them. Since every man loved his own rat's nest, we just changed the top blankets and thus left everyone a clew to his rightful rags. Then we fled.

The cracker-crumbs and golf clubs in our beds the next night were worth the price for the laughs we had when the fellows came in that night. The commotion and epithets lasted until 3:30 in the morning; were so violent that neighbors all around complained to the police. The law enjoyed a good laugh when we told them, but

SEVERAL LOCAL CHILDREN JOIN TREK TO ALASKA

A number of Birmingham young present at the Statler Hotel in Detroit on Friday evening, when George E. Buchanan called a meeting of the boys and girls who will accompany him to Alaska on his 16th annual pilgrimage, leaving July 9.

John H. Cain, son of Mr. and Mrs. Earl R. Cain, 2139 Yorkshire road, is the first to have applied for membership in the trek, having done so last fall. Among others who have indicated that they will attend are Douglas Mott, son of Mr. and Mrs. F. H. Mott, Jr., 788 Pilgrim road; David Ray, model son of Mr. and Mrs. W. Whiting Raymond, 772 Willits street; Newell Wright, son of Mr. and Mrs. Shelton Wright, 243 Aspen road; Robert Mosher, son of Mr. and Mrs. Claude E. Mosher of Armada and Mona Jean Smith, who makes her home with Mr. and Mrs. T. Melbourne Roberts, 1171 Yosemite drive.

Mrs. Roberts will again accompany the excursion, to assist the boys and girls in public speaking and broadcasting en route. The party and broadcasting en route. The party will leave a day earlier than is customary, to attend the rodeo in Calgary, Can., and to spend a half-day at Banff Springs, for swimming and hiking.

MRS. HALDANE EXPIRES IN DETROIT HOSPITAL

Mrs. Alice Farrell Haldane, 692 Wallace street, Birmingham's first police woman, died late Wednesday afternoon in Henry Ford Hospital, following a long illness. Mrs. Haldane was a member of the local police department for approximately four years.

Surviving are her husband, William R., four sons, William F., Thomas M., John C., and Robert J., and two daughters, Margaret A., and Alice C.

Prayers will be held at the William F. Blake Funeral Home, and funeral services will be from Holy Name Catholic Church Saturday at 9:30.

FRIERY NAMES INSTRUCTORS IN PLAY SCHOOL

Robert J. Friery, newly-appointed director of the Summer Play School of Cranbrook School, announces this week the list of those who will assist him in the work. Arts and Crafts will be under the direction of Harry Haefner of Muskegon, who is returning to this position for the third consecutive year. Swimming will be directed by Robert McGrath of Bay City. A graduate of Springfield College, Mr. McGrath has had five years of summer teaching, and has also taught at the national Red Cross aquatic school at Battle Creek.

Lork York, who is also returning to his former position, will supervise the activities of the younger boys. William Hutchinson of Birmingham, a Cranbrook graduate and student at Amherst College, will be sports instructor for the Play School. Mrs. Ann Douglas, of the faculty of Brookside School, will supervise music.

Nature Lore will be under the tutelage of Norman Doloff of the Cranbrook faculty. Mr. Doloff is a graduate of Massachusetts Institute of Technology. He received his Master's Degree at Columbia and Harvard Universities.

Meet Old Friends

THROUGH

This Newspaper

For More Than Half A Century Birmingham Folks Have Been Meeting Old Friends And Making New Ones Through The Columns Of The Birmingham Eccentric.

Each week subscribers read of the activities of many people, whose names are mentioned in these columns—Some of them your neighbors and close friends. Others are well known by reputation through reading about them in this newspaper. "Humanity makes news." Our correspondents and news gathering facilities bring to you practically all of the news concerning the people of this community.

The Eccentric is a welcome visitor in thousands of homes. It pushes no doorbell to gain entry; it brings no sigh from the busy housewife: "Well, there is another agent." It is no handbill cluttering up automobiles, nor blowing around from dooryard to dooryard. It is not a mailed circular that attracts only passing attention and is thrown aside. No husband coming in from his day's work sits down and asks his wife: "Where is the latest circular?" but hundreds of them ask, "Where is the Eccentric?"

That is the clientele Merchants reach when they use the Eccentric for advertising purposes. It is a clientele that is responsive to merchandising messages well told and backed by competitive price.
