HERE'S A STAR YOU CAN REACH!

HERE, sir, is the bright particular star of the automotive year: a car to make you proud and happy — you can prove that anywhere on the highway these bright May days.

In it, you can know luxury in your travels and still not over-strain your budget!

And you know you're commanding the "fops" in power the first time you give its eager DYNAFLEX engine the gun!

At the wheel you feel the buoyant steadiness that is TORQUE-FLEX Steering's special gift to motoring—the firm, fast roadability of a car that's beautifully poised in all its going.

There's no "hop" on this fast one. It doesn't "gallop" or bounce or pitch.

Its soft stout coiled steel springs let the wheels follow the road—rise to the swells, dip to the hollows—yet pass none of that lively up-and-down on to the body.

You travel level as a straightedge, thrill to turbine-smooth power that's quick as lightning — know a kind of travel comfort that neither road nor weather mars. Yet what are the facts on costs?

This great straight-eight actually costs less than some sixes! Price almost any other car, and by the time you've added in the extra values included in Buick's figures, you've paid for the matchless performance only Buick can give you!

So don't sit idly wishing for a star! Reach up — get this one! We're ready to show you any day it costs less than that you think.

"Better Buick!"
