Electric Cooker

If you want this year's Thanksgiving meal to be a special treat, surprise your family by tooking the holiday turkey electrically. Women are enthusiastic about this appliance. They say-"Everything tastes better"..."Wonderful the way it cooks"..."Perfect in every respect." There's a reason for such comments. Electric cooking has a wholly different flavor —a natural flavor unequalled by any other cooking method. Roasts are done to perfection, with little or no water. Meats and vegetables cook to melting tenderness in their own juices, with all their natural goodness sealed-in.

Dutch Susan cookers plug into any electric outlet, and their cost of operation is about 2c an hour. They accommodate a 15½ - pound are available in several styles and sizes, one to fit your needs exactly, up to 18-quart capacity. turkey or a large leg of lamb

See these electric cookers on display at hard-nare stores, furniture and department stores, electric appliance dealers and at all Detroit Edison offices
