How about it—is this stunning 1939 Buick really as lively as it looks? Well, just try it and see—you'll find it the car and the value of the year!

Maybe a bullet gets off faster.

That bonnet houses a full complement of eight cylinders, and Dyna-flash cylinders at that. All four wheels dance on BuiCoil springing of stout spiraled steel; no quiver or shiver shakes the luxurious body in its flight.

You'll see the world - lots of it l see the world — lots of it — for this sightly Buick now parades the passing pano-rama through windows with up to 413 more square inches of outlook than before.

Other things you'll like: A gearshift out of knee-way. Front wheels that "bank" the curves for you. Brakes that stop on a dime — and leave nine cents change.

Go see this lovely lively traveler. Drive it - feel its

magic yourself, first-hand.

You'll find it beautiful in action as in aspect - you'll go for the way it goes for you. You'll find it obedient and willing,

a car that holds its marks in cross-winds, bears sharp around curves without slide or slew.

In fine - we think you'll like all of it from its looks to the way it live up to them. Won't you try it out and see?
