SIXTY-FIRST YEAR—NO. 23

AGE PAYMENTS REACH ALL-TIME HIGH IN REGION

Money payments now due under the old-age insurance plan have reached an all time high in Region V, which includes Ohio, Michigan and Kentucky. This statement was made today by Walter B. Redman, manager of the Social Security Board field office in Pontiac.

"We have just been advised by G. R. Parker, Regional Director at Cleveland, that the average regular payment in his territory amounted to \$57.41 in July. These were benefits paid in the region during that month, as compared with \$51.46, the average for June. The July payments are the highest average for the region since the old-age insurance plan went into operation on January 1, 1937.

"Our own field office has been notified that 22 claims for such benefits, filed here, were certified for payment in July. The total of these certifications was \$1383.80. Lump-sum benefits may now be claimed by workers who reach age 65 after having held jobs covered by old-age insurance. Benefits also are payable to heirs of workers who have died after having been thus employed," Mr. Redman announced.

The Pontiac field office serves the counties of Macomb and Oakland, filing claims for payments of this type for all residents of this area.

ROOMERS PAY, BUT RUMORS DO NOT. When you want to rent your rooming house, you must do more than spread vague rumors to that effect. If you spread rumors that you have changed rooms that don't, and use the telephone 11, before a 1 o'clock Wednesday afternoon, you will not be able to rent.

CANDIDATE

Henry T. McCaughan, Democrat, seeking re-election as registrar of deeds for Oakland County, has been a resident of Pontiac for over 19 years.

He was born at Bay City and is a registered civil engineer and land surveyor. Mr. McCaughan received his technical training at Michigan State College and the University of Michigan.

He is a member of the First Presbyterian Church, Pontiac Lodge No. 21 F. & A. M., Michigan Engineering society, Pontiac Lions club, University of Michigan County Annual Welfare society.

Until 1933 Mr. McCaughan was a partner in the firm of McCaughan and Ransom, registered civil engineers. He has served as registrar of deeds since 1933.

REALTORS ENDOW NEW FELLOWSHIP AT U. OF M.

In commemoration of the late J. G. Lloyd Alexander of Grand Rapids, whose death last spring cut short a successful career in real estate during his incumbency as president of the Michigan Real Estate Association, the directors of the Michigan Real Estate Association have established a fellowship at the University of Michigan to be known as the "J. G. Lloyd Alexander Fellowship in Real Estate," according to announcement of Robert W. Keith, Battle Creek, president of the State Association.

Any student who is an American citizen, students from either the graduate school or school of business administration of the University of Michigan, men or women, are eligible for this fellowship. There is no age limitation, nor is the fellowship restricted to students planning to specialize in real estate and land economics.

Award of the fellowship will be made on a competitive basis, the essential considerations being: (1) Need for help, (2) Scholarship, (3) Personality, (4) Capacity for leadership, (5) Serious purpose of performing a service in real estate—evolving standards in the real estate profession.

The term of the fellowship will be for one year. Applications must be made to the Dean of the School of Business Administration, University of Michigan, who will make the selection and submit his recommendation to the Michigan Real Estate Association for approval.

Shippers Defeated In Surprise Upsets During Clubs' Week-End Sports Program

After a summer of victories, the men sailors at Orchard Lake Country Club met with a discouraging series of defeats over the holiday week-end. The return regatta with Lake Angelus Yacht Club, held on Saturday to decide a tie, ended disastrously for the home crew. Two more defeats were administered by the Junior sailors, whom they met Monday morning, and by the Women sailors, who raced them Monday afternoon.

The luckless skippers will have chances to avenge all three defeats on Sunday morning, they will sail a return match with the Juniors. On Saturday, Sept. 24, the Lake Angelus sailors will return to Orchard Lake for a series designed to settle the location of the Gallagher Cup for the coming year. The trophy, in those days, will remain there if the forthcoming series ends in victory for them.

On Saturday also, Robert F. Grindley and Clem Page added their names to the list of those qualified for the championship series, races in which will start at 2 p. m. on Sunday. Those who will sail now include Waldemar P. Adams, E. W. Averell, William D. Chubb, Herbert Clark, Robert F. Grindley, Arthur Griswold, Hugh W. Hitchcock, Spencer Housh, J. H. Housh, Fred L. Penfield, Fritz Strong III, Jack Strong and Harold Lee Ward.

BALDWIN LIBRARY ACQUIRES 3 BOOKS DURING PAST WEEK

Three new fiction books have been added to the shelves of the Baldwin Public Library during the past week—books which will do much to brighten a dull evening. Heading the list is "Requiem For Idiots" by Norah Loftis. In this story there are three women. Once not so long ago they were three girls in holland frocks enjoying blackberrying and swinging on gates. They meet again for a short time as adults when their very different paths cross. In the intervals of them in unusual circumstances has committed a murder of mercy and thwarted her own life in order to atone.

Another has discovered faith and beauty are not permanent things and seeks to drown that knowledge in new affairs: the third, lucky and successful in worldly matters, is running from an infatuation.

Within the walls of Pedlars Green, heavy with memories these people meet, eat and drink and talk and then emerge to proceed upon their different ways again, each beset by the problem which confronts every woman when she realizes that youth is ending.

"The Devil In Satin" by Dorothea Yate is an account of the married life of Mr. and Mrs. David Bohun of Curzon Street, London from honeymoon (1936) to divorce (1937).

This book marks a notable departure from the style and subject matter of the author's earlier books. It is the story of the marriage of a simple, honest and generous man and dramatizes vividly the disaster a cold calculating female who broke the lives of many people when she was aided and abetted by man made divorce laws.

The third book, acquired by the library this week is "Mr. Despondency's Daughter" by Anne Parrish. A new Anne Parrish is revealed in this novel. Famous for her remorseless portrayals of men and women blind to their own selves and their own rights, she has disclosed in the story of a woman's regeneration, a new dimension.

NOTARY PUBLIC SURVIVAL OF OLD ENGLISH CUSTOM

Every twelve minutes of every working day, Michigan gains another Notary Public. There are now some 40,000 listed in the files of the Department of State.

Appointments are made by the Governor, commissions are issued by the Secretary of State. There are several interesting facts to be found in the record of Notary Public Case, Secretary of State, about this public office which has survived in modern form from the century old practice in England.

More commissions were issued last year than have been previously issued in any one year; the total for the year being 11,205. The average number of commissions issued per year over a ten year period, is approximately 10,000.

The commission term is for four years, except when the notary is removed for cause. There is now one notary for every 125 people in the State of Michigan. Any of the Legislature may apply to the Governor for a commission.

A fee of \$1.00 which goes to the state's general fund must accompany the application. The commissions are sent to the County Clerk's, who notify the applicants. Applicants must then file bonds of \$1,000.00 each and pay the County Clerk a fee of fifty cents. If the bond is not filed within ninety days the commission is withdrawn.
