LA SALLE'S SECRET IS CADILLAC ENGINEERING

THE SECRET of LaSalle's reputation is engineering. LaSalle, you know, is designed completely by Cadillac. Every part and unit has the full benefit of Cadillac's hirty-seven years of engineering leader-ship-and is built in the Cadillac plant, by Cadillac earlisamen. That's who LaSalle's performance is so matchless-why the ear rides so well, why it behaves so superbly on the road. And, of course, Cadillac engineering about spajains LaSalle's acceptional economy. Nowhere else can you get such engineering at LaSalle's low price. Why not prove it—today?
