GIVE HER BABY Grade 'A' Milk!

Most mothers believe Grado "A" means care of pasteurization, some special way of bottling, etc. BUT IT DOESN'T. Grade "A" Milk receives its state seal of approval at the farm checked for diseases morning and night, clipped regularly and live under conditions as clean as your OWN home.

NOTE! Built Up To A Standard Not Down To A Price

SMART PEOPLE" ARE CAREFUL ABOUT APPEARANCE

Wherever the kind of people gather, with whom you want to associate—you will observe careful grooming, and immaculate detail. We number among our regular customers, many of the town's smartest men and

From the Women's Angle

Isn't it funny the small and unimportant things that you always remember? For small and unimportant things that you always remember? For small and unimportant things that you always remember? For small and unimportant things that you always remember. For small and unimportant things that you always remember that the first care that we ever had. Cars then were few and far between and the man who owned one was nothing short of a putter at the least of the was always that you always the small and the small and the man that you always the small and unimportant things that the small and unimportant things that the small and the first that the small and unimportant things the first that we want to small and unimportant things that the small and unimportant things that the small and unimportant things that the first that the small and unimportant things the first that the small and unimportant things that the first that the small and unimportant things the first that the small and unimportant the first that the small and unimportant things the first that the first that the small and unimportant things that the first tha

Oh yes, it was great being young. Ine first chance I get I m
going to start looking again for those queer looking animals.

BY Katherine W. George

At what age are children old enough to drive cars? This is a
debatable question and one of great importance not only to the
children themselves and their parents, but to the public at large.

In most communities, the law says children are old enough to
drive at 14. But parents generally. I find,
the says of the says children are old enough to
