GOLDEN GUERNSEY MILK—THE HEALTH BUILDER

At least one quart per day for children and one pint per day for adults.

Metropolitan Life Insurance Co. (the largest in the world) says "If milk were put up in bottles of a different shape, and size, it would be given a fanciful name, and announced for what it really is as 'the greatest body builder and Health Restorative in the world,' people would flock to buy it at fancy prices. But because it costs so little and is delivered every morning at your doorstep, we seldom give it its virtue a thought. We are apt to disregard the value of familiar things."
