You look this smooth-stepping Buick honey over, and its very manner tells you here's a one-in-a-million kind of automobile.

You look at the advertised prices, add something more for transportation and accessories—and there you begin to go wrong!

For one of the things that give

Only car in the world

OU look this smooth-stepping this Buick its buy-value is the price that cost extra elsewhere!

> For instance - the Flash-Way Direction Signal, standard on all models, costs around \$10 extra elsewhere - even without the automatic cut-off.

Every Buick comes to you with automatic choke and an efficient oil cleaner—it's sur-prising how often they're sold as "extras."

> Every Buick has dual horns. dual sun visors, locks on both front doors, electric lighter, assist straps,†robe cord,†glove compartment

lock, front-door armrests, gas tank lock-all things often charged for elsewhere.

Every Buick has a Dynafiash valve-in-head straight-eight engine, micropoise-balanced after assembly. Every one has two stab-ilizers, and rear coil springs that never need lubrication.

All have torque-tube drive, bat-tery under hood, two ways of start-ing. Super and Roadmaster have front seats close to five feet wide and all models have Safety Plate Glass all around.

And all this is included in the at-thefactory price. Why not see the near-est Buick dealer and see how little

buy's Buick.
