(Continued from Page 1) which, in terms consonant with the general school laws of the State of Michigan, shall define the respective functions, powers and duties of the School Board and of the Superintendent of Schools, and which shall classify the employees and outline the duties and responsibilities derived by them from the School Board and the superintendent.

No comment was made by any member of the Board on either resolution. Prior to the reading of the resolutions by Mrs. Smith, members of the Board and the League delegation were introduced by Mr. Hardin. Members of the League delegation included Mrs. Smith as president, Mrs. William E. Essery, who drafted the resolutions and presented them to the League for adoption. Joseph A. Byrne, and Mrs. Donald T. Stanton.

Three Resolutions Presented The resolutions as adopted unanimously by the League of Women Voters, were drafted and presented to the Board of Education. There were three resolutions. The third requested the Board to hold "open meetings," and to resume the policy of printing regularly the official minutes of such meetings in the local press.

The latter resolution failed to pass, with the recommendation from the League that such a measure would be more effective were it to come later from a larger group including both men and women, and representatives of other local organizations as well as the League of Women Voters.

Louis M. Randall, business manager of the Board of Education, stated Wednesday that the local board has "rules and regulations" defining the duties of the superintendent of schools and the business manager, which are on record in the Board office.

One District Precinct Voters are not required to register for school elections in Birmingham, Mr. Randall pointed out, because there is only one voting precinct in the local school district. The Board of Education possesses the authority to create other precincts in the district, should it desire to do so, Mr. Randall said. The State law provides that in districts having only one precinct, to be eligible voters must be taxpayers or parents of children attending school. Registration is not necessary in districts of this type, he said. Economy was the reason given by Mr. Randall for holding the number of precincts down to one.

There is "quite an expense involved," Mr. Randall pointed out, in the cost of registration, clerks and ballots which would be required for additional precincts. "However, if the Board wanted to create another precinct in the South end of the city so that the people in that area would not have to come up to Baldwin High School to vote, as they do now, the Board would have that authority. It could establish other precincts anywhere it desired in the district," Mr. Randall explained.

New Words For Old The wave of consumer recognition and consideration that is sweeping over retailing is expressed in countless ways.—Women's Wear Daily.

SALES HEAD

W. R. TRACY

Better business ahead for all phases of the automobile business as a result of the auto-mobilization of America at the two great World's Fairs was forecast today by William R. Tracy, vice-president in charge of Sales for the Hudson Motor Car Company, and a resident of Bloomfield Hills.

Pointing out the magnetic influence of two great World's Fairs in a single year and their geographic accessibility to the great majority of the nation's motorists, Tracy declared: "1939 will probably go down in history as the year of the big truck and, if there are no other factors, it will also be the year of the big car."

He pointed out that the year of the big truck and, if there are no other factors, it will also be the year of the big car. He pointed out that the year of the big truck and, if there are no other factors, it will also be the year of the big car.

RELIGION

(Continued from Page 1) But it has not, it is here, and is stronger and more potent than when Voltaire made his prediction.

Once more the saints are shaking their heads. Years ago, we believed in and supported three preaching men every Sunday. When it was cut to two services, people thought religion was about to be lost. Now many churches are majoring on one good service each Sunday instead of two. And we are saying again: "What will become of our religion?"

I want to say three things about religion in answer to the question raised by the Lord Jesus Himself in Luke 18:18 "When the Son of Man comes, will He find faith on earth?"

Matters of the Heart —Religion is a matter of the heart. Dr. Fagesburg of the west coast, in his book on, "This Questioning Age," puts it this way: "Let religion be the living experience of the life of God in the heart of man—identified with nothing except the throbbing and breathing reality in the heart. And know that so long as man is as he is, and so long as God lives, religion is 'deedless.' And my answer is, 'Yes, there will be faith on earth when the Son of Man comes, if man will make it a matter of the heart.'"

Theology is an outward expression of an inward reality. Theology is not religion. Theology is a descriptive of religious experience, spiritual realities. May I suggest that theology may change, but the reality of which theology speaks never changes. God is and ever will be. He changes not. Our conception of Him may change but not He.

REMEMBER?

(Continued from Page 1) tion, we marched down Pennsylvania avenue right behind the West Pointers. Oh Boy!"

"I remember that too, because I was in Washington myself then." "We used to have a pretty good time band right here in Birmingham," Commissioner Hubbert joined the reminiscers. "There was a bandstand over on Woodward and Maple. I used to sit on the horse-blocks and listen to the band concerts on summer evenings."

"Remember when the town band used to practice up over one of our real stone Commissioners?" Luther Heacock laughingly recalled. "You could hear them for blocks."

Someone else recalled the first public appearance of the Baldwin band, and its brave but discordant efforts. Someone else remarked how the band had improved since then. Commissioner Ray Palmer noted the difficulty in "marching and blowing" simultaneously.

Commissioner Moody reminded the Commissioners how the band had turned out on all civic occasions.

"We shouldn't forget that. They've played for the city, and they'll do it again. All they ask is help in getting their uniforms." "On the basis of their past performances, I would be in favor of granting this request," the Mayor agreed.

A vote was taken. City Clerk Irene Hanley reported "Carried," and the contribution will be headed from the city's contingent fund.

COUNTRY DANCE GROUP TO OFFER MUSIC PROGRAM

The Country Dancers of Birmingham are in the midst of extensive plans for the coming appearance of Douglas Kennedy, international president of the English Folk Dance and Song Society, of London, England. Kennedy will be presented in a lecture at the Community House on Saturday evening, March 4. As a "preview," they will present typical dances and music by Helen Wagner Neff and Dorothy Kemp Roosevelt, on Monday, Feb. 20, at the Community House. The public is invited.

Among Birmingham's most enthusiastic exponents of the country dances is a group of matrons who have been dancing every week for several years. Some of those who head this group include Mrs. W. A. P. John, Mrs. Henry Hart, Mrs. Donald T. Stanton, Mrs. Loren T. Robinson, Mrs. William E. Essery, Mrs. William Coit, Mrs. Mary Lewis B. Sappington, Mrs. William M. Brown, Mrs. Maurice W. Cochrane, Mrs. C. Theon, Mrs. Dusen, Mrs. Frederick E. Bove, Mrs. M. E. Irone, Mrs. John F. Hollister, Mrs. George P. Raynal, Mrs. Luther S. Lee, Mrs. J. Parker, Mrs. E. H. Walker, Mrs. William Blythe, Mrs. Marcus E. Cunningham and Mrs. Max M. Roensch.

SORORITY ALUMNAE MEET FOR DINNER

The Birmingham Alumnae Club of Alpha Chi Omega sorority met Monday evening for the regular dinner and program, held monthly. Hostesses for the occasion were Miss Marjorie Unger of Bloomfield and Mrs. J. P. Halliday.

Among those who attended the affair were Mrs. Loren T. Robinson, Mrs. Clark, Mrs. Milton Bell, Mrs. J. P. Halliday, Mrs. Frank Coe, Mrs. C. V. Crockett, Mrs. and Mrs. Oscar W. Anderson. Former members of the Club who were present were Mrs. M. E. Irone, Wakeman and Miss Frances Jean O'Connor.

Board Approves Plan To Check Attendance

A plan, for checking punctuality and attendance in Birmingham schools as recommended by Superintendent Howard D. Crull to the Board of Education, was discussed at a meeting Tuesday evening. The plan was accepted by a record of 10-0. Crull was authorized to place it in operation. It provides for taking of attendance in classrooms for the first 10 minutes of both the morning and afternoon sessions, and that a record of tardy pupils would be furnished all teachers.

The Board voted to retire bond amounts to \$15,000 and certify to the city clerk to the extent of approximately \$15,012.

As representative of the Board on the scholarship fund association, Lee E. Joslyn, Jr., new member, was elected.

THIS AND THAT

for no one chairman of a County's delegates will control the whole County. Eaton, who is speaking the sentiments of hundreds of thousands of Michigan citizens, of those of Michigan, is tired of Edward N. Barnard's "game rule" in State Conventions. For many years Mr. Barnard, a cunning manipulator of his County's Republican politics, has brought delegates to a State Convention, and he, alone, tells them how to vote. This is bad government. It should be outlawed. Rep. Eaton has the backing of every decent element in Wayne County, as well as throughout Michigan. It is to be hoped that his bill carries at Lansing. When it does, not only Wayne County, but every other County in the State will benefit by the elimination of "bossism" in State and County politics. So we suggest that good citizens from every section of Michigan write their State Senators and Representatives in Lansing, asking them to work for the passage of Eaton's bill.

Every youth should have this great fact impressed upon him: So long as the cash is in the pockets, and mankind wants things to eat, wear, live in, plus comforts, and is willing to pay for them, poverty is absolutely unnecessary. Poverty springs from unequal distribution of wealth; it does not come most from unproductive methods. For further information, read Henry George's "Progress & Poverty."

KATHLEEN BELKNAP MISSOURIAN'S BRIDE

An announcement of interest is that of the marriage on Jan. 30 of Miss Kathleen Belknap, daughter of Mr. and Mrs. William J. Belknap, of Cranbrook road, to Donald Michael Curran, son of Mr. and Mrs. Michael J. Curran, of Springfield, Mo.

The bride is a graduate of Kingswood school and attended Sarah Lawrence college and Ohio State university. In Columbus, she took special work in sculpturing and ceramics. During the past year, her work has been exhibited in four art museums.

Mr. and Mrs. Curran are living in Decatur, Ark.

Obituary

HENRY C. SPITZIG Funeral services were held in Holy Name church Monday at 9 a. m. for Henry C. Spitzig, of 548 East Lincoln road, who died Feb. 9, of bronchial pneumonia at St. Joseph's hospital. Mr. Spitzig was 63 years old and was born in Little Germany, Ont. He is survived by his wife, Mrs. Annie Yaegey Spitzig.

Burial was in Holy Sepulchre cemetery.

HARRY B. GREEN Harry B. Green, father of Mrs. Carl S. Fairbank, formerly of Yorkshire road, Birmingham, died Sunday morning, Feb. 11, at the family home in Madison, N. J., after a long illness. Mr. and Mrs. Green had recently celebrated their fifth wedding anniversary. They had frequently visited their son-in-law and daughter in Birmingham.

MRS. JOHN QUARTON Mrs. John Quarton, formerly Miss Madge Norton of Quarton road, Birmingham, died at her home in Hillsdale, Feb. 7. She is survived by her husband, who is a brother-in-law of Mrs. Fred Birmingham, of West Maple road, Birmingham, and two daughters, Mrs. Ayn Schwab of Hillsdale, and Mrs. John Trumbull, who resides near Grand Rapids, and a brother, John Norton, of El Centro, Calif.

Do you know that the more electricity you use, the cheaper it becomes? The nature of electric costs is such that prices average down rapidly as use goes up. For example: If you are now using 10 units per month at the regular residence rate, you can buy 10 MORE at less than half the price paid for the first 10. If you are now using 50 units per month, you can buy 50 more at just half the price paid for the first 50, as follows:

Table with 2 columns: Units per month cost, and Rate. 10 units per month cost 81c, But the next 10 cost only 34c. 50 units per month cost \$2.25, But the next 50 cost only 1.12 1/2. 100 units per month cost \$3.38, But the next 100 cost only 1.25.

And so it goes. It's worth knowing that you can make free and unstinted use of lighting and appliances and not add much to your bill. Prove this to yourself by using all the electricity you need. Electricity is cheap!
