We depend on our coal to tell its own story of quality and service. If our patrons who use our coal day after day and season after season are not pleased and recommend it to their neighbors and friends, it matters little what we may say.

ARE YOU LISTENING?
The final word must be spoken by the coal itself. The user who tells his next-door neighbor how good Lawson's coal proves to be in actual service is our best advertiser. Lawson's coal "talks" and its message is—
