"You are what you think you are," said a wise man years ago. So, "if thoughts are things," then why not make one's thoughts uplifting, helpful, courageous.

SIXTY-FIRST YEAR—NO. 46

### East Lansing Man Seeks State Office

Edward E. Gallup of Lansing, for 18 years Supervisor of Vocational Agricultural Education in Michigan is now a candidate for State Superintendent of Public Instruction.

Mr. Gallup said he was unable to justify the increased payroll of the Department of Education which during the past six years has gone from \$97,000 per year to \$280,000 per year. He said these figures had been secured from the books of the Auditor General's Department.

Mr. Gallup was born on a farm in Jackson County and attended the rural school. He graduated from Jackson High School, Michigan State College and the University of Michigan. He has taught rural

schools and was superintendent of village schools in Hanover and Chelsea. He was principal of Adrian High School for five years and superintendent of Monroe city schools for five years. He taught mathematics in State Normal College for five summers.

### SCREWY EGG

**BAD AXE (MPA)**—An egg that was literally screwy was laid by one of A. C. Browne's flock here. Starting out to be a small egg at one end, the rest of the two ounce specimen ended up in the resemblance of a cork screw. Something went amiss and the shell changed directions and started off on the curled formation.

### DAY-BY-DAY STORY OF WORLD CRISIS TOLD IN NEW BOOK

By Linda Moore

Back in September, 1938, when the lid seemed about to blow off the cauldron of European politics, the world trembled in the balance. Now, while the fate of Czechoslovakia and perhaps the world hangs in the balance, the Man in the Street breathes more freely and wonders just what happened and why it started. It was with the idea of setting down a clear record of the September crisis, that Hamilton Fish Armstrong wrote "When There is No Peace." An almost day-by-day account of this book throws a light on the events of the past year and should prove an illumination of future events. As Armstrong points it out, it is now easy to see the significance of Hitler's speech of February, 20, 1938 concerning the plight of the ten million Germans (who) live in the two states joining our frontiers. From that point, the author traces the remorseless progress of the storm that brought Europe close to the brink of war.

### LIBRARY HOURS

For the information of newcomers, Baldwin Public Library is open from 10 a. m. until 9 p. m., daily except Sundays.

He closes with a survey of Europe at the dawn of a new year—in a state, not of peace, but of armistice. Altogether this book to provoke thought, discussion and probably a number of letters. It is a record of what romancers might call the most brilliant inside information.

The famous English explorer and naturalist returned recently from South Africa where he headed the National Geographic Society 1837-38 expedition. The primary purpose of this expedition was the filming of the most ferocious of the African eagles—the crowned hawk eagle—the species which will attack any intruder. Capt. ### DEMOLAY HOLDS CAGE CROWN AT HALF-WAY MARK

The Y. M. C. A. City Basketball League completed the first half of its ten-game schedule on Thursday. In the first contest of the evening Shermons defeated Pecks 25-17. DeMolay continued in the unbeaten class and the league leadership by defeating Cranbrook Hillbillies 25-20. In the second, Milks defeated Birmingham Recreation 36-20, in the first game.

In the Sherman-Peek contest, fouls proved to be the margin of victory as Shermons completed seven out of twelve. The lead changed several times, but Shermons pulled away in the last quarter.

DeMolay scrapped through for the second week in succession, having won by only one point last week, and defeating Cranbrook by only three points. The winner was not decided until the first minutes of play. The loss of Fryer through four fouls proved to be the difference between victory and defeat for Cranbrook.

In the final game of the evening Milks had little difficulty defeating Birmingham Recreation. The Recreation team seemed unable to connect for baskets although having more chances. Milks led seven to five at the end of the first quarter and went on to score eleven points in the second quarter while holding Recreation scoreless. Recreation came back in the third quarter as it scored eleven points to Milks six, but Milks led proved too much as it went on to win 36-20.

The league standings are as follows:

Team	W	L
DeMolay	5	0
Milks	4	1
Shermons	3	3
Cranbrook	2	3
Sherman	2	3
Pecks	0	5

This will be renewed tonight at Baldwin High School. The three game schedule will run as follows: 7 p. m., DeMolay vs. Pecks; 8 p. m., Sherman vs. Recreation; 9 p. m., Cranbrook vs. Milks.
